to retain as many original names as I could in the name of realism but in order to protect identities and reputations and also to follow at least halfway my lawyer s advice I had to change about half of them Wherever possible I simply avoided names altogether as in the bass player or the club owner or the town Whenever there is a remotely negative connotation the names have most definitely been altered There is also some fill in work so far as dialogue is concerned This bit of artistic license was taken not only because I can t remember every single thing everyone said but also in the name of technical dramatic writing There is a sprinkling of fiction in all storytelling Think of it as the spices in the event salad I have tried to keep it to a bare minimum The only ones who might choke on the pepper are the people who were actually there And you know who you are
