# Oxford Handbook Of Palliative Care

**Richard Kitchen, Christina Faull, Sarah  
Russell, Jo Wilson**

## **Oxford Handbook Of Palliative Care:**

Oxford Handbook of Palliative Care Max Watson, Rachel Campbell, Nandini Vallath, Stephen Ward, Jo Wells, 2019 This practical guide briefly covers the historical and epidemiological background of palliative care and the growth of palliative medicine as a specialty before dealing with major physical psychological spiritual and symptom management issues from diagnosis to bereavement care

*Oxford Handbook of Palliative Care* Max S. Watson, 2005 The Oxford Handbook of Palliative Care covers all aspects of palliative care in a concise and succinct format suited to busy professionals who need to access key information in their daily care of patients This practical guide covers briefly the historical and epidemiological background of palliative care and the growth of palliative medicine as a specialty before dealing with major physical psychological and spiritual and symptom management issues from diagnosis to bereavement care In addition to the adult chapters the handbook includes an extensive paediatric section The oncology section outlines the treatment regimes of the common cancers and details the chemotherapeutic agents including their side effects The Oxford Handbook of Palliative Care will prove invaluable for specialist doctors nurses and professionals allied to medicine who are involved in the day to day care of adults children and families with palliative care needs

**Oxford Handbook of Palliative Care** Max S. Watson, Rachel Campbell, Stephen Ward, Nandini Vallath, Jo Wells, 2019 This practical guide briefly covers the historical and epidemiological background of palliative care and the growth of palliative medicine as a specialty before dealing with major physical psychological spiritual and symptom management issues from diagnosis to bereavement care

*Oxford handbook of palliative care* Margaret Watson, 2005

Oxford Textbook of Palliative Care for Children Richard Hain, Ann Goldman, Adam Rapoport, Michelle Meiring, 2021-07-27 The importance of palliative care for children facing life threatening illness and their families is now widely acknowledged as an essential part of care which should be available to all children and families throughout the child's illness and at the end of life The new edition of the Oxford Textbook of Palliative Care for Children brings together the most up to date information current knowledge evidence and developments of clinical practice in the field The book is structured into four sections Foundations of Care describes core issues the foundations on which paediatric palliative care is based Child and Family Care looks at different aspects of psychological social and cultural care for the sick child or young person and their family These chapters cover the time course of the illness around the time of death and support for the bereaved family Symptom Care focuses on the uses of medication specific symptoms and their management Finally Delivery of Care examines practical approaches to care in different environments and the needs of clinicians Two new editors join the team from Canada and South Africa reflecting our aims to contribute towards the development of care for children across the world and to be a resource for both experienced clinicians and those new to the field Comprehensive in scope exhaustive in detail and definitive in authority this third edition has been thoroughly updated to cover new practices current epidemiological data and the evolving models that support the delivery of palliative medicine to children This

includes two new chapters looking in detail at Decision Making and Perinatal Care and a new section highlighting the emerging importance of Palliative Care for Children in Humanitarian Crises This book is an essential resource for anyone who works with children worldwide      **Oxford Textbook of Palliative Nursing** Betty R. Ferrell,Nessa Coyle,Judith Paice,2014-12-01 This landmark text is the key resource for nurses working in the field of palliative care Edited by renowned nursing experts and written by a dynamic team of internationally known authorities in nursing and palliative medicine the Oxford Textbook of Palliative Nursing covers the gamut of principles of care from the time of initial diagnosis of a terminal disease to the end of a patient s life and beyond The text is distinctively developed to highlight the nurse s vital role as part of an integrated palliative care team Various care settings are discussed including the hospital ICU home care and hospice Chapters focus on the practical aspects of nursing care including symptom assessment patient teaching family support psychosocial aspects of palliation and spiritual care New to the fourth edition are chapters on the National Consensus Project for Quality Palliative Care Guidelines palliative care of veterans palliative care in rural settings disaster situations palliative care in Eastern Europe and palliative care in the Philippines      Oxford Textbook of Palliative Medicine Derek Doyle,2004-01 This new edition includes 66 completely new chapters and has more emphasis on non malignant disease and complementary therapies The authoritative contributions come from over 150 renowned experts      *Oxford Textbook of Public Health Palliative Care* Julian Abel,Allan Kellehear,2022-03-31 Death dying loss and care giving are not just medical issues but societal ones Palliative care has become increasingly professionalised focused around symptom science With this emphasis on minimizing the harms of physical psychological and spiritual stress there has been a loss of how cultures and communities look after their dying with the wider social experience of death often sidelined in the professionalisation and medicalisation of care However the people we know and love in the places we know and love make up what matters most for those undergoing the experiences of death loss and care giving Over the last 25 years the theory practice research evidence base and clinical applications have developed generating widespread adoption of the principles of public health approaches to palliative care The essential principles of prevention harm reduction early intervention and health and wellbeing promotion can be applied to the universal experience of end of life irrespective of disease or diagnosis Compassionate communities have become a routine part of the strategy and service development in palliative care both within the UK and internationally The Oxford Textbook of Public Health Palliative Care provides a reframing of palliative care bringing together the full scope of theory practice and evidence into one volume Written by international leaders in the field it provides the first truly comprehensive and authoritative textbook on the subject that will help to further inform developments in this growing specialty      *Oxford Textbook of Palliative Nursing* Betty Rolling Ferrell,Judith A. Paice,2019-02-15 The Oxford Textbook of Palliative Nursing remains the most comprehensive treatise on the art and science of palliative care nursing available Dr Betty Rolling Ferrell and Dr Judith A Paice have invited 162 nursing experts to contribute 76 chapters addressing the

physical psychological social and spiritual needs pertinent to the successful palliative care team Organized within 7 Sections this new edition covers the gamut of principles of care from the time of initial diagnosis of a serious illness to the end of a patient's life and beyond This fifth edition features several new chapters including chapters on advance care planning organ donation self care global palliative care and the ethos of palliative nursing Each chapter is rich with tables and figures case examples for improved learning and a strong evidence based practice to support the highest quality of care The book offers a valuable and practical resource for students and clinicians across all settings of care The content is relevant for specialty hospice agencies and palliative care programs as well as generalist knowledge for schools of nursing oncology critical care and pediatric Developed with the intention of emphasizing the need to extend palliative care beyond the specialty to be integrated in all settings and by all clinicians caring for the seriously ill this new edition will continue to serve as the cornerstone of palliative care education

**Handbook of Palliative Care** Richard Kitchen, Christina Faull, Sarah Russell, Jo Wilson, 2024-05-08 Handbook of palliative care Comprehensive resource utilising up to date evidence and guidelines to support non specialists in palliative care in both hospital and community settings Building on the success of previous editions this new edition of the award winning handbook has a practical focus and provides the user with an approach to clinical challenges while also providing enough information to explain why this approach is suggested The 4th edition of Handbook of Palliative Care supports non specialists in palliative care in both hospital and community settings and focuses on holistic care and therapeutic interventions With several new chapters and content significantly updated to reflect new evidence and practice the 4th edition also presents up to date evidence guidance in a succinct format and utilises flow charts and figures to enhance the accessibility of information Written by four highly accomplished nursing and medical authors with over 100 years experience between them in hospital hospice care home and community settings Handbook of Palliative Care provides Guidance from clinicians who are experts in their field An acknowledgment of the requirements of healthcare professionals attending to patients with palliative care needs along with a dedicated chapter addressing this topic Contemporary guidance on medicine management symptom control and managing complications of cancer Palliative care in heart failure renal disease and advanced liver neurological and respiratory diseases An in depth look at patient and public involvement in palliative care and inequity Skill development including communication ethical considerations and spiritual care New chapters including frailty dementia and multi morbidity and palliative care for people living with mental illness and people with intellectual disabilities This 4th edition of Handbook of Palliative Care is an ideal supporting resource for doctors nurses and other healthcare professionals caring for patients with palliative care needs in the UK and beyond The 1st edition was the winner of the 1999 BMA Medical Book of the Year Prize

**Emergencies in Palliative and Supportive Care** David Currow, Katherine Clark, 2006 This essential handbook provides a practical accessible guide to emergency situations encountered in palliative care practice Using a system of icons and structured around frequently encountered symptoms it is

split into two sections The first section explores how patients with life limiting illnesses such as cancer AIDS and end stage organ failure normally present and looks at the reversibility of their condition The second section provides a detailed approach to specific clinical conditions and is for use once the clinical diagnosis has been reached on the basis of the presenting symptoms The book will provide trainees in palliative medicine nurses family doctors and other allied health professionals with a pocket guide to the emergency care of people requiring palliative and supportive care and will complement the Oxford Handbook of Palliative Care

**The Palliative Care Handbook (9th edition)** Professor Rod MacLeod ,Associate Professor Stephen Macfarlane,2018-01-01 The Palliative Care Handbook 9th edition is a sought after resource globally and now for the first time this new edition includes extensive support for advanced dementia A popular resource promoting clinical excellence in palliative care this ninth edition has been updated by authors Professor Rod MacLeod and Dr Stephen Macfarlane to include comprehensive guidelines for people with dementia receiving end of life care It builds on previous editions to address the fact that dementia is now a leading cause of death across the globe but that often people with dementia are more likely to receive the palliative care that they need Although small in size for ease of use by clinicians the book s impact is large and is often purchased by families and patients to help them understand the symptoms treatments and drugs they are encountering The Palliative Care Handbook offers a thorough understanding of symptoms and treatments which emphasise the importance of a holistic approach to managing patients physical psychological social and spiritual needs The first section of the book provides an explanation of palliative care as well as guidelines for alleviation of the symptoms and challenges commonly encountered Considerations of the needs of the person with dementia are now embedded throughout this section The second section is a comprehensive listing of drug information including unlicensed uses and interactions Since its first publication in 1994 The Palliative Care Handbook has been consistently revised developed and updated to be an essential and practical international resource enabling quality palliative care

*Oxford Textbook of Palliative Medicine* Nathan I. Cherny,Marie Fallon,Stein Kaasa,Russell K. Portenoy,David Currow,2015 Emphasising the multi disciplinary nature of palliative care the fourth edition of this text also looks at the individual professional roles that contribute to the best quality palliative care

*Oxford Textbook of Palliative Medicine* Derek Doyle,1993 This textbook contains authoritative contributions from over a hundred leading international experts It is the only to bring together research and practice from both North America and Europe Its wide ranging approach tackles every aspect of palliative care physical emotional social and spiritual

**Oxford American Handbook of Hospice and Palliative Medicine and Supportive Care** Sriram Yennurajalingam,Eduardo Bruera,2016-03-14 The Oxford American Handbook of Hospice and Palliative Medicine and Supportive Care is an easily navigable source of information about the day to day management of patients requiring palliative and hospice care The table of contents follows the core curriculum of the American Board of Hospice and Palliative Medicine thus meeting the educational and clinical information needs of students

residents fellows and nurse practitioners Succinct evidence based topically focused content is supplemented by extensive tables algorithms and clinical pearls This edition includes new sections on grief and bereavement medical marijuana and physician assisted suicide and has been updated throughout to incorporate National Consensus Project for Quality Palliative Care Clinical Practice Guidelines      **Textbook of Palliative Care** Roderick Duncan MacLeod,Lieve Van den Block,2025-02-25 This second edition provides the most up to date information on all aspects of palliative care including recent developments including COVID 19 global policies service provision symptom management professional aspects organization of services palliative care for specific populations palliative care emergencies ethical issues in palliative care research in palliative care public health approaches and financial aspects of care This new Textbook of Palliative Care remains a unique comprehensive clinically relevant and state of the art book aimed at advancing palliative care as a science a clinical practice and as an art Palliative care has been part of healthcare for over fifty years but it still needs to be explained to many Healthcare education and training has been slow to recognize the vital importance of ensuring that all practitioners have a good understanding of what is involved in the care of people with serious or advanced illnesses and their families However the science of palliative care is advancing and this new edition will contribute to a better understanding This new edition offers 86 updated or new chapters out of 108 written by experts in their given fields providing up to date information on a wide range of topics of relevance to those providing care towards the end of life no matter what the disease may be We present a global perspective on contemporary and classic issues in palliative care with authors from a wide range of disciplines involved in this essential aspect of care The Textbook includes sections addressing aspects such as symptom management and care provision organization of care in different settings care in specific disease groups palliative care emergencies ethics public health approaches and research in palliative care This new Textbook will be of value to practitioners in all disciplines and professions where the care of people approaching death is important specialists as well as non specialists in any setting where people with serious advanced illnesses are residing It is also an important resource for researchers policy and decision makers at national or regional levels Neither the science nor the art of palliative care will stand still so the Editors and contributors from all over the world aim to keep this Textbook updated so that the reader can find new evidence and approaches to care      *Oxford Textbook of Palliative Care for Children* Richard Hain,Ann Goldman,Adam Rapoport,Michelle Meiring,2021 Comprehensive in scope exhaustive in detail and definitive in authority this third edition has been thoroughly updated to cover new practices current epidemiological data and the evolving models that support the delivery of palliative medicine to children This book is an essential resource for anyone who works with children worldwide      *Oxford Textbook of Palliative Nursing* Betty R. Ferrell,2010-03-15 This is the most authoritative and comprehensive resource in palliative nursing It has been fully updated in its third edition More international in scope this edition continues to define the field with contributions by all of the major names in nursing and palliative medicine Joining

Oxford Medicine Online this resource offers the best quality content in an easy to access format Online only benefits include downloading images and figures to PowerPoint and downloading chapters to PDF
