The Roadkill Collection:

American Roadkill Don H. Corrigan, 2021-11-03 Slaughtered along our highways roadkill may be observed regularly but aren't likely to be given much thought. Research scientists, animal rights activists, roadkill artists, writers, ethicists, and lyricists however are increasingly sounding the alarm. They report that we are killing the very animals we love and are driving many of them to the brink of extinction. Detailing the death and destruction of mammals, reptiles, amphibians, and insect pollinators, this study examines the ways in which we are thus jeopardizing our own futures. Beginning in the Model T era, biologists counted the common carnage of the time: cottontails, woodchucks, and squirrels, mostly. That record-keeping continues today. Beyond the bleak statistics, zoologists are rerouting migratory paths of animals and are advocating for cat and dog companions. This book illuminates both our successes and failures in keeping animals out of harm's way and what those efforts reflect about ourselves and our capacity to care enough to alter the road ahead. *If you meet George Herbert on the road, kill him* Justin Lewis-Anthony, 2013-01-17 Priestly ministry in the Church of England needs a radical rethink. George Herbert died in 1633. His legacy continues. His poems are read and sung, and his parish ministry remains the model for the Church of England's understanding of how and where and why its priests should minister. But there is a problem. The memory of Herbert, celebrated by the Church, is an inaccurate one, and in its inaccuracy is unfair on Herbert himself and his successors in the ordained ministry. This is a book of the long view. It sets out to assess realistically the context of Herbert's life and to explore the difficulties of parish life today. By examining the status and role of parish clergy since Herbert's time and today, it draws on the work of historians, social anthropologists, psychologists, and theologians and presents their ideas in a readable and passionate style. It argues that the future strength of parochial ministry will be found in a recovery of historic, renewed understandings of priestly ministry and concludes by outlining more sustainable patterns of practice for the future. In a climate of uncertainty for the future of the church, it will be an encouragement for priest and people and welcomed by both. **Official Gazette of the United States Patent and Trademark Office**, 1999 **Deer-vehicle Crash**
