The Perfect Shot:

The Perfect Shot Kevin Robertson, 2023-10-03 Africa boasts more varieties of game than any other continent. Many of these animals have different kill zones, so knowing where to place a killing shot, the most important criterion in hunting, can be bewildering even to experienced African hunters. Kevin Robertson, a Zimbabwe licensed PH and veterinarian, has created the most comprehensive work ever undertaken to show the anatomical features for all classes of African game, from the big dangerous species elephant, buffalo, rhino, and hippo to the large cats lion and leopard, and from the largest antelopes eland and bongo to the smallest duiker, grysbok, and klipspringer. Even Africa's more unusual species, giraffe, crocodile, zebra, and hyena, are covered in detail. Each animal is shown in at least one color field picture as well as a color ghost view that illustrates the shoulder, bones, heart, lungs, brain, and spinal column. These views allow you to see precisely where to place your shot in relation to how the animal may be orientated. The popular species have multiple illustrations from different angles for easier understanding of the different shot placement options. The invaluable natural history section on each animal contains trophy assessment hints as well as how to determine the sex of an animal. Other chapters include caliber and bullet selection, rifle selection, trophy handling, basic animal anatomy, and most importantly, field tips on how to make that perfect shot. This great reference work is a must have for your next safari.

The Perfect Shot Elaine Marie Alphin, 2013-08-01 Someone murdered Brian's girlfriend Amanda. The police think it was her father, Brian. Isn't so sure. But everyone he knows is telling him to move on, get over it, focus on the present. Focus on basketball. Focus on hitting the perfect shot. Brian hopes that the system will work for Amanda and her father. An innocent man couldn't be wrongly convicted, could he? But then Brian does a school project on Leo Frank, a Jewish man lynched decades ago for the murder of a teenage girl, a murder he didn't commit. Worse still, Brian's teammate Julius gets arrested for nothing more than being a black kid in the wrong place at the wrong time. Brian can't deny any longer that the system is flawed. As Amanda's father goes on trial, Brian admits to himself that he knows something that could break the case. But if he comes forward, will the real killer try for another perfect shot, this time against Brian?

The Perfect Shot Tessa Kinkade, 2023-04-18 Jex Radcliffe is hyper-focused on his career, especially after the fiery breakup with his conceited ex-fiancé. The camera prototype he's designed could be his chance to eke out a future without having to rely on his rich father. He just needs the perfect model to help secure a developer for his product. When a woman from his online photography forum starts asking around about a mentor, he wonders if a weekend business arrangement could open a door of opportunity he needs. Or could it be a disaster in the making? A year after her boyfriend betrayed her with another woman, Carly Kirkpatrick has continued to put her social life on hiatus in favor of keeping her struggling small town photography business afloat. To breathe some new life into her work, she reluctantly posts a request for a mentor to an online group and gets a promising hit. His credentials say he's got all the right answers. But will a mentorship with a big city stranger turn into something more than she's bargained for?
