,2007 A Critical Companion to Stanley Kubrick Elsa Colombani,2020-10-16 A Critical Companion to Stanley Kubrick offers a thorough and detailed study of the films of the legendary director Labeled a recluse a provocateur and a perfectionist Kubrick revolutionized filmmaking from the use of music in film narrative pacing and structure to depictions of war and violence An unparalleled visionary his work continues to influence contemporary cinema and visual culture This book delves into the complexities of his work and examines the wide range of topics and the multiple interpretations that his films inspire The eighteen chapters in this book use a wide range of methodologies and explore new trends of research in film studies providing a series of unique and novel perspectives on all of Kubrick s thirteen feature films from *Fear and Desire* 1953 to *Eyes Wide Shut* 1999 as well as his work on *A.I. Artificial Intelligence* Steven Spielberg 2001 **The Perry Expedition and the "Opening of Japan to the West," 1853-1873** Paul Hendrix Clark,2020-04-01 By the time U.S. Commodore Matthew Perry's squadron of four ships sailed into Tokyo Bay on July 8 1853 the Japanese Tokugawa government had already fended off similarly unwelcome intrusions by the French the Russians the Dutch and the British These Western imperialists had the power and the means to force Japan into the kinds of treaties that would effectively spell the end of Japan's autonomy maybe even its existence as an independent country At the same moment Japan was also grappling with a serious insurrection the death of an emperor and the death of a shogun as well as with a series of natural disasters and associated famines The Japanese response to this incredible series of catastrophes would permanently alter the balance of geopolitical power around the world Drawing on the best recent scholarship this short introductory volume examines the motivations and maneuvers of the major participants in the conflict and sets the opening of Japan in the context of broader global history Selections from twenty nine primary sources provide firsthand accounts of the event from a variety of perspectives Several illustrations are also included along with a note on historiographic interpretation *Animals and War* Anthony J. Nocella II,Colin Salter,Judy K.C. Bentley,2013-12-19 *Animals and War* Confronting the Military Animal Industrial Complex is the first book to examine how nonhuman animals are used for war by military forces Each chapter delves deeply into modes of nonhuman animal exploitation as weapons test subjects and transportation and as casualties of war leading to homelessness starvation and death With leading scholar activists writing each chapter this is an important text in the fields of peace studies and critical animal studies This is a must read for anyone interested in ending war and fostering peace and justice *World History* William J. Duiker,Jackson J. Spielvogel,1997 This is a comprehensive introduction to world civilizations to 1500 It covers each major civilization such as China India and Europe and provides points of comparison between and among these civilizations It emphasizes breadth and accessibility and contains a wealth of primary source documents beautiful full color maps and interesting teaching and learning supplements to help students appreciate the complexity of the topic while enjoying its application to their lives Environmental Protection, Security and Armed Conflict Onita Das,2013-01-01 *Environmental Protection Security and Armed Conflict* is a timely reminder of the need to integrate sustainable development into key areas

of international law including all phases of armed conflict Onita Das cleverly picks her way through the applicable law and derives solid suggestions for the future Karen Hulme University of Essex UK This book explores environmental protection relevant to security and armed conflict from a sustainable development perspective The author details how at each stage of the armed conflict life cycle policy law and enforcement have fallen short of the sustainable development model and concludes with a set of suggestions for how to address this pressing concern The book considers and discusses Environmental protection relevant to security and armed conflict from a holistically sustainable development perspective Environmental protection relevant to security and armed conflict in the life cycle of armed conflict pre conflict in conflict and post conflict Uses substantive sustainable development principles duty of states to ensure sustainable use of natural resources equity and the eradication of poverty common but differentiated responsibilities precautionary principle public participation good governance integration and interrelationship and polluter pays principle as tools or objectives to achieve sustainable development in the context of environmental protection relevant to security and armed conflict The concept of sustainable development is utilized to fill the gaps left by policy and law in the field of environmental protection relevant to security and armed conflict The book also examines 5 case studies relating to Somalia Darfur Sudan Sierra Leone the First Gulf war and the Kosovo conflict This fascinating and detailed study will strongly appeal to academics and postgraduate students in the fields of both environmental protection and international law researchers policy makers NGOs and individuals working in the field
