World Cup Wishes:

World Cup Wishes Eshkol Nevo, 2010 Four friends get together to watch the 1998 World Cup final One of them has an idea let's write down our wishes for the next few years put them away and during the next final four years from now we'll get them out and see how many we've achieved This is how World Cup Wishes opens and from here we watch what happens to their wishes and their friendships as life marches on The four men's bond is deep and solid but tested by betrayal death and distance their alliance comes under pressure Each friend offers a different perspective though not necessarily a reliable one and as they and the world around them change so do their ideas of friendship and happiness By the end they are forced to ask whether wishes can really be fulfilled Or will their story turn out to be a requiem for a generation for friendship or even for one of the four young men Once again Eshkol Nevo has produced a novel suffused with charm warmth and an astonishing wisdom

The Israeli Defence Forces' Representation in Israeli Cinema Fiammetta Martegani, 2017-06-23 Of all the Biblical heroes the character of King David is perhaps the most paradoxical and also the most difficult to grasp He is the Biblical Man for all seasons a warrior a lover a poet a killer and a restorer This elaborate and fascinating archetypal hero influenced and inspired the representation of the Israeli soldier in Israeli media art and cinema from the establishment of the State of Israel until the present day This book investigates whether Israeli art and film now place a focus on soldiers not as fighters but as victims and the relationship between David as an adult and the State of Israel half a century after its establishment As in gender studies it is only in the last twenty years that research on masculinities has become a prominent part of film studies Although studies of men and masculinity have gained momentum little has been published that focuses on the media and their relationship to men as men In carrying out a study on the representation of the Israeli Defense Force in Israeli cinema the matter of gender becomes fundamental especially in relation to the Motherland of Israel Eretz Israel which is feminine by definition Israeli films are also deeply concerned with territory and territoriality As such the book also carries out an ethnography of Israeli cinema with a focus on the significant relationship between gender and nation and body and space **Not Quite Cricket** Pradeep

Arboleda-Guirao, Inmaculada Arboleda-Guirao, 2014-06-11 The teaching of the phonetics and the phonology of British English to undergraduate students is often based on a bare uncritical presentation of facts as they are usually portrayed in classic publications such as Gimson Cruttenden Collins Mees Roach Car etc While they present a welcome canonical view of language there is a danger that students will end up holding a quasi dogmatic opinion of the phonology of English with little awareness of other views and approaches In an attempt to overcome this limitation the contributors to this volume have tried to combine theory and praxis in tackling different aspects of the phonology of English The result is this book of readings which will hopefully provide students with reliable and up to date information on key issues both at segmental and supra segmental level *Daily Graphic* Yaw Boadu-Ayebofoh, 2006-06-10 **Congressional Record** United States.

Ethical Concerns in Sport Governance Souvik Naha, David Hassan, 2020-04-02

Sport governance no longer stirs public opinion only when scandals surface it has become a persistent concern for a number of stakeholders such as the media sport followers and corporates that produce and sponsor sport Contemporary sport governance is characterised by tension between sport's potential for commercial benefit on the one hand and moral education and social development on the other The perceived incompatibility of these two aspects has led to intense conversations in the media administrative circles and the public sphere about the need for ethics to be the key element of governance The chapters in this volume explore the contemporary forms of governance that is structured by sport's extensive transnational networks shifts in what the stakeholders mentioned above understand by ethics and the emergence of new stakeholders They identify as the two major directions of contemporary sport governance the growing significance of

the non West especially in relation to event hosting and the need for controlling the behaviour of emergent interest groups The latter is a complex constellation of athletes officials supporters lawyers and politicians who share power and collectively determine corporate and non profit governance legal aspects and regulatory mechanisms from within their subjective locations The chapters in this book were originally published in a special issue in Sport in Society
