Feel-Bad Education Alfie Kohn, 2011-04-05 Mind opening writing on what kids need from school from one of education's most outspoken voices Arguing that our schools are currently in the grip of a cult of rigor a confusion of harder with better that threatens to banish both joy and meaningful intellectual inquiry from our classrooms Alfie Kohn issues a stirring call to rethink our priorities and reconsider our practices Kohn's latest wide ranging collection of writings will add to his reputation as one of the most incisive thinkers in the field who questions the assumptions too often taken for granted in discussions about education and human behavior In nineteen recently published essays and in a substantive introduction new for this volume Kohn repeatedly invites us to think more deeply about the conventional wisdom Is self discipline always desirable he asks citing surprising evidence to the contrary Does academic cheating necessarily indicate a moral failing Might inspirational posters commonly found on school walls Reach for the stars reflect disturbing assumptions about children Could the use of rubrics for evaluating student learning prove counterproductive Subjecting young children to homework grades or standardized tests merely because these things will be required of them later reminds Kohn of Monty Python's getting hit on the head lessons And with tongue firmly in cheek he declares that we should immediately begin teaching twenty second century skills Whether Kohn is clearing up misconceptions about progressive education or explaining why incentives for healthier living are bound to backfire debunking the idea that education reform should be driven by concerns about economic competitiveness or putting Supernanny in her place his readers will understand why the Washington Post has said that teachers and parents who encounter Kohn and his thoughts come away transfixed ready to change their schools

conservative parties and the Nazis Julia Sneeringer shows how various groups struggled to reconcile traditional assumptions about women's interests with the changing face of the family and female economic activity Through propaganda political parties addressed themes such as motherhood fashion religion and abortion But as Sneeringer demonstrates their efforts to win women's votes by emphasizing women's issues had only limited success The debates about women in propaganda were symptomatic of larger anxieties that gripped Germany during this era of unrest Sneeringer says Though Weimar political culture was ahead of its time in forcing even the enemies of women's rights to concede a public role for women this horizon of possibility narrowed sharply in the face of political instability economic crises and the growing specter of fascism
