Equity and Inclusion in STEMM Veronica A. Segarra,Marina Ramirez-Alvarado,Candice M. Etson,2023-07-25

Handbook of Research on Teaching Diverse Youth Literature to Pre-Service Professionals Hartsfield, Danielle E.,2021-06-25 Perspectives and identity are typically reinforced at a young age giving teachers the responsibility of selecting reading material that could potentially change how the child sees the world This is the importance of sharing diverse

literature with today's children and young adults which introduces them to texts that deal with religion gender identities racial identities socioeconomic conditions etc Teachers and librarians play significant roles in placing diverse books in the hands of young readers However to achieve the goal of increasing young people's access to diverse books educators and librarians must receive quality instruction on this topic within their university preparation programs The Handbook of Research on Teaching Diverse Youth Literature to Pre Service Professionals is a comprehensive reference source that curates promising practices that teachers and librarians are currently applying to prepare aspiring teachers and librarians for sharing and teaching diverse youth literature Given the importance of sharing diverse books with today's young people university educators must be aware of engaging and effective methods for teaching diverse literature to pre service teachers and librarians Covering topics such as syllabus development diversity social justice and activity planning this text is essential for university level teacher educators library educators who prepare pre service teachers and librarians university educators faculty adjunct instructors researchers and students

Applications of Machine intelligence in Engineering Jyotsna Kumar Mandal, Sanjay Misra, Jyoti Sekhar Banerjee, Somen Nayak, 2022-04-21 The Global Conference on Artificial Intelligence and Applications GCAIA 2021 provides a prominent venue for researchers engineers entrepreneurs and scholar students to share their research ideas in the area of AI Academic researchers would reveal the results and conclusions of laboratory based investigations via the GCAIA 21 platform which bridges the gap between academia industry and government ethics The GCAIA 21 platform will also bring together regional and worldwide issues to explore current advancements in contemporary Computation Intelligence This Conference Proceedings volume contains the written versions of most of the contributions presented during the conference of GCAIA 2021 The conference has provided an excellent chance for researchers from diverse locations to present and debate their work in the field of artificial intelligence and its applications It includes a selection of 62 papers All accepted papers were subjected to strict peer review by 24 expert referees The papers have been selected for this volume because of their quality and their relevance to the theme of the conference

Encyclopedia of Diversity in Education James A. Banks, 2012-05-17 The diversity education literature both nationally and internationally is broad and diffuse Consequently there needs to be a systematic and logical way to organize and present the state of research for students and professionals American citizens need to understand the dynamics of their increasingly diverse communities and institutions and the global world in which we live work and lead With continually evolving information on diversity policies practices and programs it is important to have one place where students scholars teachers and policymakers can examine and explore research policy and practice issues and find answers to important questions about how diversity in U S education enriched with theories research and practices in other nations are explained and communicated and how they affect institutional change at both the K 12 and postsecondary levels With about 700 signed entries with cross references and recommended readings the Encyclopedia of Diversity in Education 4 volumes in both print and electronic formats will

present research and statistics case studies and best practices policies and programs at pre and postsecondary levels Diversity is a worldwide phenomenon and while most of the entries in the Encyclopedia will focus on the United States diversity issues and developments in nations around the world including the United States are intricately connected Consequently to illuminate the many aspects of diversity this volume will contain entries from different nations in the world in order to illuminate the myriad aspects of diversity From A to Z this Encyclopedia will cover the full spectrum of diversity issues including race class gender religion language exceptionality and the global dimensions of diversity as they relate to education This four volume reference work will be the definitive reference for diversity issues in education in the United States and the world
