

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Self-Determination and Secession in International Law Christian Walter, Antje von Ungern-Sternberg, Kavus Abushov, 2014-06-05 Peoples and minorities in many parts of the world assert a right to self determination autonomy and even secession from a state which naturally conflicts with that state's sovereignty and territorial integrity The right of a people to self determination and secession has existed as a concept within international law since the American Declaration of Independence in 1776 but the exact definition of these concepts and the conditions required for their application remain unclear The Advisory Opinion of the International Court of Justice concerning the Declaration of Independence of Kosovo 2010 which held that the Kosovo declaration of independence was not in violation of international law has only led to further questions This book takes four conflicts in the post Soviet Commonwealth of Independent States CIS as a starting point for examining the current state of the law of self determination and secession Four entities Transnistria Moldova South Ossetia Abkhazia both Georgia and Nagorno Karabakh Azerbaijan claim to be entitled not only to self determination but also to secession from their mother state For this entitlement they rely on historic affiliations and on charges of discrimination and massive human rights violations committed by their mother state This book sets out its analysis of these critical issues in three parts providing a detailed understanding of the principles of international law on which they rely The first part sets out the contours and meaning of self determination and secession including an overall assessment of secession within the Commonwealth of Independent States The second section provides case studies investigating the events in Transnistria South Ossetia Abkhazia and Nagorno Karabach in greater detail The third and final section extends the scope of the examination providing a comparative analysis of similar conflicts involving questions of self determination and secession in Kosovo Western Sahara and Eritrea

Crisis and Class War in Egypt Sean F. McMahon,2016-10-15 In 2011 capital s crisis erupted in Egyptian society This eruption and subsequent politics have been misrepresented as revolutionary as the working class was and is increasingly so devalued and disempowered In *Crisis and Class War in Egypt* Sean F McMahon critically analyses Egypt s recent political history He argues that the so called revolution was the appearance of capital s destruction of the value of the Egyptian working class and an existential crisis for capital In response productive capital in the form of the military used disposed of and replaced its junior partners in governing first the predatory capital of the Mubarak state with the commodity capital of the Muslim Brotherhood and then commodity capital with the finance capital of the Gulf Cooperation Council These reconfigurations have been expressed in all manner of reactionary governmental arrangements including constitutions legislation and currency reform Extending today s analysis into the near future McMahon sees the war of Egyptian society intensifying and increasingly violent lives for Egyptian workers
