Design Strategies for Efficient and Sustainable Building Facilities

González-Lezcano, Roberto Alonso, Sansaniwal, Sunil Kumar, 2024-08-05 Despite the growing emphasis on energy efficiency in building design our indoor environments often fall short of providing optimal conditions for health and well being Indoor air quality temperature and lighting levels play crucial roles in occupant health yet they are frequently overlooked in building practices This oversight leads to environments that can harm health contributing to respiratory problems allergies and reduced productivity Design Strategies for Efficient and Sustainable Building Facilities offers a comprehensive solution We delve into recent advances in building design construction and operation that prioritize energy efficiency and occupant

health By incorporating intelligent sensors automation systems and renewable energy sources like solar and wind power buildings can be transformed into healthy sustainable spaces that promote well being This book is tailored for researchers professionals university professors and master s and doctoral students who seek to advance sustainable building practices

Systems, Software and Services Process Improvement Andreas Riel,Rory O'Connor,Serge Tichkiewitch,Richard Messnarz,2010-09-02 A typical characterization of EuroSPI is reflected in a statement made by a company the biggest value of EuroSPI lies in its function as a European knowledge and experience exchange mechanism for SPI and innovation Since its beginning in 1994 in Dublin the EuroSPI initiative has outlined that there is not a single silver bullet to solve SPI issues but that you need to understand a combination of different SPI methods and approaches to achieve concrete benefits The fore each proceedings volume covers a variety of different topics and at the conference we discuss potential synergies and the combined use of such methods and proaches These proceedings contain selected research papers for five topics Section I SPI Tools Section II SPI Methods Section III SPI in SMEs Section IV Economic Aspects of SPI Section V The Future of SPI Section I presents studies on SPI tools The authors provide an insight into new tools which can be used for SPI Willem Bekkers et al present a new assessment method and tool for software product management Ismael Edrei Espinosa Curiel et al illustrate a graphical approach to support the teaching of SPI Paul Clarke and coworkers deal with an analysis and a tool to help real adoption of standards like ISO 12207 and they focus on SPI implementation and practices Esparanca Amengual et al present a new team based assessment method and tool
