Greece naturally adapted Greek music to their requirements while those in Rome made use of the Roman kithara lyre songs which in their turn were borrowed from the Greeks Christ and the apostles at the Last Supper chanted one of the old Hebrew psalms Saint Paul speaks also of hymns and spiritual songs by one of which designations he certainly means the hymns of the early Christians founded on Roman lyre songs It is also on record that the Christian communities of Alexandria as early as 180 A D were in the habit of repeating the chant of the Last Supper with an accompaniment of flutes and Pliny the Younger 62 110 A D describes the custom of singing hymns to the glory of Christ A History of Baroque Music George J. Buelow, 2004-11-23 A History of Baroque Music is a detailed treatment of the music of the Baroque era with particular focus on the seventeenth century The author s approach is a history of musical style with an emphasis on musical scores The book is divided initially by time period into early and later Baroque 1600 1700 and 1700 1750 respectively and secondarily by country and composer An introductory chapter discusses stylistic continuity with the late Renaissance and examines the etymology of the term Baroque The concluding chapter on the composer Telemann addresses the stylistic shift that led to the end of the Baroque and the transition into the Classical period Jacket
