ready to cement his new hippie identity by joining a local human rights organization but he doesn't fit in as well as he'd hoped. After landing herself in the hospital by washing down a Ziploc bag of pills with a bottle of Gatorade, Julian Mendez came clean to her mother: she is a girl who has been seen as a boy since birth. Puberty blockers have stopped the maturing of her body. They're also supposed to give her time to be sure she wants to make a more permanent decision, but she's already Julia in her heart. What she's not sure she's ready to face is the post-transition name calling and bathroom wars awaiting her at school. When Kale and Julian come face to face at the human rights organization, attraction, teenage awkwardness, and reluctant empathy collide. They are forced to examine who they are and how they want to present themselves to the world. But until Kale can come to terms with his confusion about his own sexuality and Julian can be honest with Kale about her gender, they cannot move forward in friendship or anything more.
