An Essay on Pronunciation and Delivery B.S. Naylor, 1841 The British and Anglo-Irish Thing-Essay from 1701 to 2021
Daniel Schneider, 2023-09-29 While the narrative thing poem and thing theatre have been around for some time the essay which is often considered literature's fourth genre is still lacking its thing subgenre Yet particularly British and Anglo Irish literature display a long albeit so far implicit tradition of texts that can be categorised as thing essays Starting with Jonathan Swift's Meditation upon a Broomstick 1701 and continuing until today these texts draw broader insights from the contemplation of a material item of daily life This book provides the first theoretical conceptualisation of this genre Bringing elements from essay studies and the New Materialisms together it shows why the essay lends itself particularly well to literarisations of the personal relationships that people foster to everyday objects While the idiosyncrasies of each essay show the versatility of thing essays the study also seeks to unearth changing attitudes towards things and thus towards people's material surroundings in general throughout time In order to account for such synchronic and diachronic differences in thing essays this study develops a typology of three modes via which things can be approached essayistically In the book's second part this framework will be employed in close readings and historicisations of 14 thing essays from 1701 until 2021 Ranging from satire to sentimental writing from religion to consumerism from class to gender differences from feelings of nationality to exoticism from the French Revolution to Freud and from art to everyday life the stylistic and thematic broadness of these thing essays ultimately shows the multifarious connections between human life and materiality Using Journals With Reluctant Writers Scott Abrams, 2000-05-11 I loved the book and the soulful responses it generated from my reluctant writers Dee Conklin Ph D Teacher Reno Sparks Indian Colony Reno NV This journal program is authentic and gets students to write Because the journal topics reflect current issues my students respond positively And I get great insight into their lives Carol Popowich Resource Teacher Marshall Alternative High School Bend OR This is a book that is sorely needed I'm impressed with the mature way the topics are presented to the students Rob Owens Teacher Washburn Rural High School Topeka KS This is one of the best books I have seen on topics for writing All students could benefit from this not just the reluctant writer Carol Miller Intervention Specialist Mineral Ridge High School Mineral Ridge OH Inspire your students to communicate and reflect through writing Using Journals With Reluctant Writers is an effective language arts tool for teachers especially those who teach at risk alternative and special education students Designed to inspire even the most reluctant writers journal topics are followed by non-revealing non-threatening exercises to introduce writing as a means of expression and to allow students to test teacher reactions Positive teacher responses then encourage students to move on to material that requires more personal reflection and further elaboration Whether using the journals for daily practice or weekly assignments teachers can effectively lead students through critical thinking self-discovery and ultimately more relevant and proficient writing Each chapter begins with a topical thought-provoking quote and concludes with suggested videos and related

readings that can be used for more comprehensive assignments Using Journals With Reluctant Writers also assists teachers and students in creating a complete language arts portfolio Highlights of this teacher s guide include Topical chapter opening quotes that instill deeper self reflection Multiple questions for each topic to encourage more in depth responses Suggested readings for more comprehensive assignments Suggested videos for each journal topic students relate well to videos Flexible format for daily entries or weekly assignments 45 journal topics for weekly assignments throughout the academic year An essential resource for any teacher who wants to motivate students to write well and write often while thinking critically about their own lives and choices How to do your Essays, Exams and Coursework in Geography and Related Disciplines Peter Knight,Tony Parsons,2004-03-01 Written for students who need help doing their coursework and exams this book focuses mainly on the skills and techniques that apply to essay writing but also covers other types of assignment such as posters talks PowerPoint DTM presentations and web pages Its basis is that all of these different types of work are centred on clear communication of well supported responses to the questions or tasks that have been set *Essays on the Principles of Morality and on the Private and Political Rights and Obligations of Mankind* Dymond,1842 *Essays of an Americanist* Daniel G. Thoughts on Writing C. S. Johnson,2019-03-30 What makes a book sexy I m not talking about erotica per say but what is the difference between a book you eagerly devour and a book you slum your way through While there are individual exceptions the most objective difference between a good story and a downright terrible one is simple it all comes down to the writing It s either good writing and we can forgive the technical flaws a little more easily or it s bad writing and bad writing is just bad Good writing is more than just good writing Good writing is sexy If you re a fiction writer looking to improve your writing skills this is the perfect provocative read to encourage you to get down to business and write your story Inside Good Writing is Like Good Sex you will find A titillating perspective on the writing process The secret to why your story is special and how you can make it sexier Tips on romancing your readers How to write irresistible characters Basic writing and story concepts with advanced insights and all in a non gratuitous fashion with a lot of innuendos C S JOHNSON is the award winning genre hopping author of several novels including young adult sci fi and fantasy adventures such as the Starlight Chronicles series the Once Upon a Princess saga and the Divine Space Pirates trilogy She has written articles for The Reblution MTL Magazine Hollywood in Toto StudioJake and more With a gift for sarcasm and an apologetic heart she currently lives in Atlanta with her family FROM THE BOOK So what s so special about your book It s still a terrifying question but the more you see it the better you can prepare to answer it It might be hard for you to realize that your book is special at all especially if you are a new writer or you re one of those people who struggle with self confidence I can assure you from personal experience you are in good company I know exactly how that feels But your book will be special because it s yours It is your words written down on paper your story written for the world to see and the book you were born to write It

s yours This is something that people tend to say about kids and I like using this analogy here because kids can be the result of good sex just as my book babies are the result of my writing No one will love my real children the way I do My kids are unlike everyone else s children because they are mine And no one will ever love my husband the way I do because he is the one I chose and the one who chose me back Your own love story will be special because it s yours Your book will be special too But let s face it special has its limits especially when it comes to the competitive writing market Your unique outlook should be what tips the balance in your favor and you do yourself a lot of favors if your tipping point doesn t have a lot of unattractive baggage dragging it down This means you need to take care to make your book be its best
