Press Statement

UNEB releases Sample papers for Competency Based Assessment under the New Curriculum

The Uganda National Examinations Board (UNEB) has released the sample papers for the UCE End of Cycle Competency Based Assessment under the New Lower Secondary School Curriculum (NLSC). The purpose is to expose both teachers and learners to the question format of Competency Based Assessment (CBA). Each sample paper has a corresponding scoring guide.

The sample papers can now be accessed via the UNEB portal by all UNEB Examination Centres. UNEB will distribute hard copy booklets to schools without Centre Numbers.

Subjects covered by the Sample papers:

The sample papers cover thirty-six subjects (36) in the categories of Humanities, Sciences, Vocational and Languages as indicated below.

Category	Humanities	Sciences	Vocational
Subjects	History, Geography, Christian Religious Education/ Islamic Religious Education (CRE/IRE).	Physics, Mathematics, Biology, Chemistry, and General Science for the blind.	Agriculture, ICT, Technology and Design, Art and Design, Performing Arts, Nutrition and Food Technology, Physical Education, and Entrepreneurship.
Subjects under the Language Category			
Foreign Languages	Arabic, German, French, Latin, and Chinese.

A New Educational Agenda for Uganda ,2004 Gender Differences in Performance of Chemistry Practical Skills Among Senior Six Students in Kampala District

Fredrick Ssempala,2009 The aim of this study was to determine if there were gender differences in the performance of Chemistry practical skills among senior six girls and boys in selected mixed secondary schools in Kampala District from February to March 2004 The study participants were drawn from five mixed secondary schools in the district A total of fifty students participated half of them girls and the other half boys A cross sectional descriptive research design was used involving both quantitative and qualitative research strategies The instruments of data collection were a Chemistry practical test Quantitative analysis student questionnaires and in depth interviews Questionnaires were filled out by all students and forty randomly selected students were interviewed by the researcher The following were the findings 1 There were no statistical significant differences between girls and boys in their ability to manipulate the apparatus equipment take observation report record results correctly and compute interpret analyze results during the Chemistry practical 2 Both female and male students perceived interpreting analyzing results to be the most difficult skill to perform whereas manipulation of apparatus equipment was perceived to be the easy skill to perform during Chemistry practical by both gender 3 Girls had a poor self confidence in their ability to perform Chemistry practical as most of them 90% believed that boys are better than them Although girls performed slightly better than boys overall the skills in which boys performed slightly better than girls in recording reporting results correctly and computing interpreting analyzing results contributed a higher percentage in the assessment of Chemistry practical examinations by the UNEB examiners Hence it may be the reason why boys perform better than girls in UNEB Chemistry practical examinations and in A Level Chemistry examinations generally The recommendations were that Chemistry teachers in O Level should make sure that students are taught mole concept volumetric analysis and Ionic Chemistry and balancing equations early enough so that both girls and boys are able to compute interpret analyze results Also further research should be done on gender and Chemistry practical skill performance considering qualitative analysis practical for both O and A Level so that more knowledge is gained about the effect of gender on performance of Chemistry practical skills

The Triumph of National Movements and New States Mpagi Tonny Ssewanyana,2001 Giving Space to African Voices Zehlia Babaci-Wilhite,2014-08-07

This book sets out to bring voices of the South to the debate on localization of education and makes the case that it should be considered a right in education Despite all the scientifically based evidence on the improved quality of education through the use of a local language and local knowledge English as a language of instruction and Western knowledge based curriculum

continue to be used at all educational levels in many developing nations This means that in many African countries the goal of rights to education is becoming increasingly remote let alone that of rights in education With this understanding and with the awareness of the education challenges of millions of children throughout Africa the authors argue that local curriculum through local languages needs to be valued and to be preserved and that children need to be prepared for the world in a language that promotes understanding The authors make a clear case that policy makers are in a position to work towards a quality education for all as part of a more comprehensive right based approach We owe it to the children of the South to offer the best quality education possible in order to achieve social justice

Multilingualism and Education in Africa Ruth W. Ndung'u, Martin C. Njoroge, Daniel O. Orwenjo, 2014-10-16 This book is a must read for every language teaching professional and researcher working in a multilingual context Multilingualism and Education in Africa The State of the State of the Art is an up to date exploration and wide ranging review of the symbiotic relationship between multilingualism and education in Africa The African continent is rich in languages Most of her inhabitants are multilingual and many of the nations have embraced multilingual education This book examines multilingualism in education from three broad perspectives multilingualism and language in education policy in Africa multilingualism as an educational resource in Africa and attitudes and challenges of multilingualism and education in Africa The book's nineteen chapters discuss these three perspectives from East West Central and South Africa All the contributors are leading authorities in multilingualism and education The chapters combine a wide range of viewpoints based on theoretical empirical and personal experiences The reader is left with a deeper understanding of the unique features of multilingualism and education in Africa that have seldom been addressed by those who experience them first hand The book demonstrates successful practices in multilingualism and education showing how African nations have determined what works for them without ignoring challenges such as policies on paper attitudes towards African languages and limited resources The benefits of multilingual education override the challenges The book's extensive coverage makes it an important resource for scholars and policy makers in the field of multilingualism and education Overall this book represents an important contribution to an important subject in education globally The editors have provided an introductory overview to the book and commentaries on the three sections

The Role of Intergovernmental Fiscal Transfers in Improving Education Outcomes Samer Al-Samarrai, The World Bank, Blane Lewis, 2021-07-23 The majority of the world's children live in countries where local governments are responsible for the provision of basic education services Although subnational governments manage their own education systems they often rely on transfers from the central government for funding The main purpose of this study is to assess how these fiscal transfers affect public funding for education and how they ultimately affect student schooling and learning outcomes Through a careful analysis of how fiscal transfers have affected education systems in different contexts the investigation develops a set of principles to support improvements in the design and implementation of transfer systems with a specific focus on the

provision of education services The study is centered on seven country case studies that aim to answer a set of common research questions using a similar approach Country case studies were conducted in Brazil Bulgaria China Colombia Indonesia Sudan and Uganda The analysis shows that fiscal transfer mechanisms can improve the adequacy of public education spending reduce spending inequalities between regions and improve spending efficiency Moreover the study highlights that carefully designed and implemented transfer systems can help raise overall education outcomes and reduce education inequality This publication was funded by a grant from the Results in Education for All Children REACH trust fund at the World Bank REACH is supported by the government of Germany through the Federal Ministry for Economic Cooperation and Development the government of Norway through NORAD and the government of the United States of America through the U S Agency for International Development
