Something Special Hanno Rauterberg, Wolf Lotter, Brigitte Felderer, Martina Fineder, Wolfgang Reiter, Eva Kraus, Thomas Weber, 2014-09 **The Creative City** Charles Landry, 2012-05-04 The Creative City is a clarion call for imaginative action in developing and running urban life It shows how to think plan and act creatively in addressing urban issues with remarkable examples of innovation and regeneration from around the world This revised edition of Charles Landry s highly influential text has been updated with a new extensive overview The Creative City Charles Landry, Franco Bianchini, 1995 Cities will have to apply creative solutions to their myriad problems the coming years They need to develop creative and innovative industries and services such as design and culture Examples of creative cities *Handbook of Creative Cities* D. E. Andersson, E. Andersson, Charlotta Mellander, 2011-01-01 With the publication of The Rise of the Creative Class by Richard Florida in 2002 the creative city became the new hot topic among urban policymakers planners and economists Florida has developed one of three path breaking theories about the relationship between creative individuals and urban environments The economist ke E Andersson and the psychologist Dean Simonton are the other members of this creative troika In the Handbook of Creative Cities Florida Andersson and Simonton appear in the same volume for the first time The expert contributors in this timely Handbook extend their insights with a varied set of theoretical and empirical tools The diversity of the contributions reflect the multidisciplinary nature of creative city theorizing which encompasses urban economics economic geography social psychology urban sociology and urban planning The stated policy implications are equally diverse ranging from libertarian to social democratic visions of our shared creative and urban future Being truly international in its scope this major Handbook will be particularly useful for policy makers that are involved in urban development academics in urban economics economic geography urban sociology social psychology and urban planning as well as graduate and advanced undergraduate students across the social sciences and in business **Atlas of Cities** Paul Knox, 2022-01-11 A unique stunningly illustrated look at the origins development and future prospects of cities More than half the world s population lives in cities and that proportion is expected to rise to three quarters by 2050 Urbanization is a global phenomenon but the way cities are developing the experience of city life and the prospects for the future of cities vary widely from region to region The Atlas of Cities presents a unique taxonomy of cities that looks at different aspects of their physical economic social and political structures their interactions with each other and with their hinterlands the challenges and opportunities they present and where cities might be going in the future Each chapter explores a particular type of city from the foundational cities of Greece and Rome and the networked cities of the Hanseatic League through the nineteenth century modernization of Paris and the industrialization of Manchester to the green and smart cities of today Expert contributors explore how the development of these cities reflects one or more of the common themes of urban development the mobilizing function transport communication and infrastructure the generative function

Platformization of Urban Life Anke Strüver, Sybille Bauriedl, 2022-09-01 The increasing platformization of urban life needs critical perspectives to examine changing everyday practices and power shifts brought about by the expansion of digital platforms mediating care services housing and mobility This book addresses new modes of producing urban spaces and societies It brings both platform researchers and activists from various fields related to critical urban studies and labour activism into dialogue The contributors engage with the socio spatial and normative implications of platform mediated urban everyday life and urban futures going beyond a rigid techno dystopian stance in order to include an understanding of platforms as sites of social creativity and exchange

Where is Creativity? Jim Shorthouse, Neil Maycroft, 2017-05-12 Where is Creativity A Multi disciplinary Approach goes beyond the orthodox image of creativity as laying inside the brain mind to explore how and why it also emerges from relationships between people from physical spaces such as workplaces and cities as a result of new media technology and the Web and due to the effects of broad contexts of the economy and industry It explores contemporary psychological sociological anthropological economic and philosophical debates concerning creativity in an accessible way which non specialist and creative practitioners can appreciate culminating in a picture of the anatomy of creativity which seeks to provide a concrete guide to the doing of creativity to complement a deeper understanding of its nature and origins The book will be useful for teaching staff and

students businesses and practitioners and professionals and policy makers working within a wide range of creative and innovation based industries

The Wealth & Poverty of Regions Mario Polèse, 2010-01-15 As the world becomes more interconnected through travel and electronic communication many believe that physical places will become less important But as Mario Pol se argues in *The Wealth and Poverty of Regions* geography will matter more than ever before in a world where distance is allegedly dead This provocative book surveys the globe from London and Cape Town to New York and Beijing contending that regions rise or fall due to their location not only within nations but also on the world map Pol se reveals how concentrations of industries and populations in specific locales often result in minor advantages that accumulate over time resulting in reduced prices improved transportation networks increased diversity and not least of all buzz the excitement and vitality that attracts ambitious people *The Wealth and Poverty of Regions* maps out how a heady mix of size infrastructure proximity and cost will determine which urban centers become the thriving metropolises of the future and which become the deserted cities of the past Engagingly written the book provides insight to the past present and future of regions *Beiträge Zur 15. Internationalen Konferenz Zu Stadtplanung, Regionalentwicklung und Informationsgesellschaft* Manfred Schrenk, 2010

City Phil Hubbard, 2006-09-27 Locates the concept of the city within traditions of social thought providing a basis for understanding its varying usages and meanings Spelling out the importance of a geographical perspective on the city this book suggests that it is only by bringing different ways of mapping it together that we can begin to make sense of it *Worldwide Knowledge?* Martina Fuchs, 2016-02-11 Putting forward a comprehensive view of knowledge with a specific perspective on place and space this book provides a new perspective on the globalisation of knowledge Crossing disciplinary boundaries the principal agenda of this volume is to open up a perspective beyond knowledge i e beyond the interpretation of knowledge as scientific technical knowledge Author Martina Fuchs introduces further kinds of knowledge and interpretation which influence managements perception of globalisation and therefore the knowledge which is going global She refers to knowledge in the sense of experiences competencies in the production and labour process as well as mutually shared mental constructs which are embedded in a context of understanding and interpretation Exploring beyond the meaning of worldwide knowledge as general open access knowledge this book also discusses barriers to knowledge problems of transfer and the influence of governance and control

Creative City as an Urban Development Strategy Suet Leng Khoo, Nicole Shu Fun Chang, 2021-05-21 This book is a pioneering work to position the creative city concept within Malaysian urban development discourse The chapters are written and systematically sequenced to be all encompassing and comprehensible to audiences both from the academic and non academic realms The nascency of creative city development in Malaysia has motivated the timely exploration of the viability of this strategy for selected Malaysian cities i e Kuala Lumpur George Town Ipoh Johor Bahru The book also discusses the global discourse on creative city and its critiques This is followed by an overview of Malaysia s macrolevel socio economic and political structures

as well as national policies to frame the Malaysian creative city narrative The case study chapters are novel as each Malaysian city unravels its unique experiences and dissects the way the city responds to the creative city agenda amidst local nuances and idiosyncrasies *Built Environment* ,2004 **Austrian Information** ,2010
