Something's Gotta Give Maggie Adams, 2015-06-30 Chance Coalson loves women And they love him Young or old no woman is immune to his charm Except one Georgia Haines is the only female volunteer firefighter in Grafton She's had a crush on Chance Coalson since he offered her his handkerchief at her momma's funeral But she's smart enough to know that it takes a special woman to tame a charmer like Chance and there's nothing particularly special about her When fire breaks out at the Coalson's construction business and Chance is trapped inside Georgia braves the flames to save him only to discover her crush has morphed into love And she's helpless to hide her desire Chance awakens to find an angel breathing life into his lungs with a kiss The woman he wanted more than any other was the one who paid the Casanova of the County no mind So how does a man with a bad reputation convince a shy firefighter that he's worth taking a chance on love By fighting fire with fire

The Songs of Hollywood Philip Furia, Laurie Patterson, 2010-04-07 From Over the Rainbow to Moon River and from Al Jolson to Barbra Streisand The Songs of Hollywood traces the fascinating history of song in film both in musicals and in dramatic movies such as High Noon Extremely well illustrated with 200 film stills this delightful book sheds much light on some of Hollywood's best known and loved repertoire explaining how the film industry made certain songs memorable and highlighting important moments of film history along the way The book focuses on how the songs were presented in the movies from early talkies where actors portrayed singers performing the songs to the Golden Age in which characters burst into expressive integral song not as a performance but as a spontaneous outpouring of feeling The book looks at song presentation in 1930s classics with Fred Astaire and Ginger Rogers and in 1940s gems with Judy Garland and Gene Kelly The authors also look at the decline of the genre since 1960 when most original musicals were replaced by film versions of Broadway hits such as My Fair Lady

Newman,2016-02-29 Imagine a sudden and dramatic worldwide elevation of the sea level of 40 feet Surviving and recovering from a localized natural disaster is drastic enough but when the water rises in a matter of hours all over the world with little advance warning and stays up permanently what happens to the flooded cities and seaports What is the death toll How many survivors are suddenly surrounded by high water and cut off from higher ground Who rescues them and how What happens to the inland cities and towns when tens of millions of refugees start arriving and overwhelm the local resources What happens to the highly developed economies that are heavily dependent on international trade when seaports become unusable What happens when the oil from the Persian Gulf is suddenly no longer available What happens when electrical power generating plants fail and the few remaining plants and interconnected power grids can t support demand Will there be famine civil unrest anarchy or war to grab what few resources are left *Searise The Chaos Begins* and its sequel *Searise Exodus* are works of fiction that condense and admittedly exaggerate what will likely happen over the course of the next several decades into an immediate disaster for which the world is unprepared You have never read anything like it Much

Ado About Keanu Sezin Devi Koehler,2025-04-29 Thanks to his prolific movie career seventy eight movies and counting and endearing real life persona Keanu Reeves has become the universal screen saver of pop culture nobody can go a few days

without some reference to Keanu or his movies popping up But Reeves is much more than box office receipts and internet memes and *Much Ado About Keanu* provides the in depth look at his art identity and ethnicity that this oft misunderstood cultural icon deserves Despite the sometimes mocking estimations of his acting skills and his seven Razzie nominations Keanu Reeves is one of the most thoughtful and talented performers of his generation and during his forty year career he has made huge strides for Asian and Indigenous representation in spite of his identity often being whitewashed Pop culture sociologist and Reeves devotee Sezin Devi Koehler explores all of this presenting insightful essays that critically examine Reeves s creative output from an interdisciplinary and intersectional perspective Those who code Reeves as white miss how his multiracial identity informs so many of his mainstream films often subverting their most straightforward themes Criticisms of his acting overlook the popularity and the reach of his work Koehler s essays challenge how audiences engage with Keanu s movies highlighting the importance of Keanu as a multitalented artist and trailblazer not only for racial representation but for intersectional queer and feminist readings of cinema as well *Much Ado About Keanu* connects existing media studies around various themes in Reeves s films particularly Asian and Indigenous representation gender studies philosophy technology and sexuality studies in a Critical Reeves Theory sure to engage not just fans but all of us who live in Keanu s world

What in God's Name Are You Eating Andrew Francis,2015-02-26 How you eat affects the planet and everyone else on it What you eat might literally cost the earth It also has implications for your health for the grower or producer and for the way you think about the world What in God s Name Are You Eating faces what many of us choose to ignore in the Western world we as adults have allowed a childlike innocence to mask the real cost of the environment in which we are cocooned while thousands elsewhere find themselves drought stricken and starving What in God s name are they not eating Enough is the simple answer and we are part of the reason why The price of life as we know it is high To those of us who have life there is a moral imperative to enable others to share it rather than suppress them With its advocacy of a globally responsibly discipleship What in God s Name Are You Eating enables us to see how the world s peoples can have life and a long future While the reflection is rooted in radical Mennonite Christianity the challenge is to those of faith and those of none

Foundations of Economics Shawn Ritenour,2010-01-01 Foundations of Economics A Christian View is an introduction to economics from an explicitly Christian perspective It maintains that there is no conflict between Christian doctrine and economic science

properly understood Therefore Foundations of Economics has three goals to demonstrate that the foundations of economic laws are derived from a Christian understanding of nature and humanity to explain basic economic principles of the market economy and apply them to various economic problems such as poverty and economic development and to show the relationship between Christian ethics and economic policy Foundations of Economics A Christian View accomplishes these goals by rooting the fundamental principles of human action in the Christian doctrines of creation and humanity and integrating them with the Christian ethic of private property This volume explains the relevance of economics for fulfilling the cultural mandate set forth in the first two chapters of Genesis by demonstrating how economics can help us in our task to be fruitful and multiply and have dominion over the earth without spoiling creation starving to death or descending into a barbaric struggle for survival Lessons Learned & Lost Justin Hollingshead,2011-08-03 So often in life bad things happen and we havent a clue why God would allow such events to take place We worry hurt and shake the preverbal fist up at the heavens and yet nothing changes Life continues to be hard and we wonder what could possibly come from such pain We struggle to learn the skills necessary to survive and function through the turmoil and chaos of everyday life Yet we endure Slowly and painfully we accumulate knowledge and wisdom We are molded into stronger and wiser people Life becomes a better place as we learn lessons and un learn others *The Intentions Book* Gigi Fenster,2013-05-01 Morris Goldberg is a man who can t cry Semi retired from his career as a metadata analyst he lives alone and conducts imaginary conversations with his recently deceased wife Sadie Then news arrives that his daughter Rachel is missing in the bush with bad weather on the way While Morris waits for news memory and dream start to merge Key scenes from his childhood and marriage play out in his imagination and the urgent questions of a lifetime press forward What happens in moments of crisis Are people capable of change How can one express their true feelings How does society survive the endless dance of estrangement and intimacy The Intentions Book is a tender and funny novel about love communication and the ways families shape people

De-Centring Cultural Studies Patricia Bastida-Rodríguez,José Igor Prieto-Arranz,2014-09-18 The academic resistance that cultural studies has encountered remains especially visible in Eastern and Southern European countries One such example is Spain where cultural studies is seen at best as an emergent research field Hence the interest of this volume conceived in Spain by an all Spanish editorial team and written by a diverse range of authors who prove that in spite of all

difficulties cultural studies continues to bloom even in Southern and Eastern Europe The different chapters offer interdisciplinary insights into a wide selection of cultural materials whose relevance goes well beyond purely aesthetic issues Altogether the volume 1 provides interesting theoretical reflections on the subtle yet arbitrary borders between popular and canonical culture 2 explores how the popular culture of yesteryear has influenced and inspired later canonical cultural materials and 3 studies how the reception of and representation in popular culture can be accounted for from the crucially relevant perspectives of gender and age This collection of essays studies and explores the connections between a wide range of materials including relevant examples of classic and contemporary literature Arthuriana pop music and videos political and mainstream film newspaper advertising television and the phenomenon of the trans media star
