Johnson,2005-01-01 Johanna Rasheedah and Rachel each became an unmarried mother while she was still in her teens With the birth of her baby each girl s ordinary teen life was over Johanna s boyfriend acted happy when he heard she was pregnant But as her pregnancy progressed she saw less and less of him Soon after the baby s birth he went to jail How would she support a baby without even a high school degree After Rasheedah s baby was born all she could do was cry She didn t know anything about babies She didn t even dare touch this screaming demanding stranger Her depression grew as her dreams of college vanished into thin air Rachel wanted to be popular Boys liked her But she also wanted to save her reputation When she discovered she was pregnant she told a lie one that would haunt her until her daughter was born Johanna Rasheedah and Rachel are three of today s teen moms They have offered to share their stories so that other young girls won t make the mistake of thinking It couldn t happen to me Mom'S New Testament Bible Stories Shirley Fillmore Ness,2013-01-21 In the Old Testament we read how God made the heavens and the earth the galaxies animals and mankind We see how man decided that he wanted to be his own God Instead of obeying the creator God he chose to disobey God and sold himself to sin bringing sin into the world How God promised that He would send a savior to buy people back from sin The entire Old Testament is showing us the great lengths that God went to to find the right time and the right people to be parents to his Son whom He was sending into the world to be our Savior The New Testament is Gods answer to our sin problem God sent Jesus to become a man so we could see the face of God Jesus shows us how much God loves us enough to take our sins on himself and die in our place so we can be forgiven Jesus wants us to learn to follow Him back to God His Father This book has stories from the New Testament about heroes and a few scoundrels to avoid It repeats in places like the Gospels do each seeing the same thing from a little differnt angle My kids loved these stories I think that your kids will love them too Just tell or read them these stories Bible Heroes who stood up for God are the best heroes a child can have Hearing about people who stood up for God even when things were hard gives a child courage to stand up for what is right in his world today Kids need heroes Mom's Old Testament Bible Stories Shirley Fillmore Ness,2009-11-18 Build a boat in a desert Do What Go where Not me God Why would a frightened king let a teenager fight a giant Strong enough to bench press 1000 pounds Why not compromise Who needs a den of lions or a fiery furnace So nasty even a fish spits him out Do you know

your Bible heroes Do your kids know these heroes worth following and the scoundrels to avoid This book has stories from the Bible about heroes from our culture and a few scoundrels These are stories that I taught to my kids while they were growing up I read them in the Bible then told them while we were doing dishes I think telling them is much better than just reading them to kids It means more It says that mom or dad actually know and believe what they are telling It imprints a child's mind to hear stories of heroes who dared to stand for God in spite of temptations to give in That is what makes a hero **A**

Telling Our Stories Donna Y. Ford, 2017-04-01

Five decades ago I was challenged to read the Moynihan Report 1965 Then and now I take issue with much of the content which smacks of deficit thinking blaming the victim and a blindness or almost total disregard for how systemic racism and social injustices contribute to family structures I recall being professionally and personally offended by interpretations of single parent families which were often negative and hopeless Moral development criminal activity poor educational outcomes poverty and apathy of many kinds were placed squarely on the shoulders of these families especially if the families were headed by Black mothers Eurocentric and middle class notions of real families like those depicted on TV shows and movies dominate then and now what is deemed healthy in terms of family structures with the polemic conclusion that nuclear families are the best and sometimes only structure in which children must be raised These colorblind economic blind and racist blind studies reports theories and folktales have failed to do justice to the families in which there is one caregiver Their stories of woe and mayhem make the news and guide policies and procedures The stories of children who have been resilient have been unheard and silenced they have been under reported and relegated to the status of exception to the rule Perhaps they are exceptions but there are more exceptions than we may know This book is designed with those stories of resilience and success in mind The book is not an attempt to glorify single parent families but such families are prevalent and increasing High divorce rates are impactful And some parents have chosen to not marry which is their right While not glorifying single parent families we are also not demonizing them or telling their stories void of context Yes income will often be low er time will be compromised when divided between offspring work and other obligations Likewise we are not glorifying two parent families as being ideal their context matters too How healthy are married couples who don t really love or even like each other How healthy are those parents who have separate sleeping arrangements bedrooms How healthy are those families who have oppositional parenting styles and goals for their children This is the 50th anniversary of the Moynihan Report and I am concerned that another 50 years will pass that fails to balance out the stories of single parent families mainly those whose children succeed and defy the odds so often unexpected of them I agree with Cohen co author of the updated report The preoccupation with strengthening marriage as the best route to reducing poverty and inequality has been a policymaking folly Further 50 years after Moynihan released the controversial report The Negro Family The Case for

National Action a new brief by the Institute for Women's Policy Research IWPR and the Council on Contemporary Families CCF titled Moynihan's Half Century Have We Gone to Hell in a Hand Basket finds that the changes in family structure that concerned him have indeed continued becoming widespread among Whites as well but that they do not explain recent trends in poverty and inequality In fact a number of the social ills Moynihan assumed would accompany these changes in family structure such as rising rates of poverty school failure crime and violence have instead decreased see this *Not the Whole Story* Lea Caragata, Judit Alcalde, 2014-04-18 *Not the Whole Story* is a compilation of sixteen stories narrated by single mothers in their own way and about their own lives Each story is unique but the same issues appear again and again Abuse parenting as single mothers challenges in the labour market mental health and addictions issues a scarcity of quality childcare immigration and status vulnerability struggles with custody and poverty these factors combined with a lack of support contribute to their continued struggles The themes that recur across stories illustrate that the issues the women face are not just about individual struggle they demonstrate that major issues in Canada's social system have been neglected in public policy In order for these issues to be addressed we need to challenge the flawed public policies and the negative discourse that continue to marginalize single mothers in terms of the opportunities in their own lives and in terms of how they are understood by other Canadians The first person narratives of the struggles and issues faced by low income single mothers provide narrative richness and are augmented by introductory and concluding chapters that draw the narrative themes together and offer overarching discussion and analysis "Kids, Have You Seen My Backpack--?" and Other Inspirational Stories of Non-traditional Students, 2005 Some are single some are married some have kids some do not some are twenty four some are sixty four We are not straight out of high school living four more years of playfulness some of us are in college to improve our future or the future of our children many of us are changing an academic legacy by being the first in our families to graduate from college Others are starting again after military service or making a new path out of a dead end job or relationship I was tired of having spaghetti every night sick of living in a dump of an apartment The thought of having children was out of the question I couldn't believe this was my life An education was the only way to change that Hearing those phrases It's a girl and You may now kiss the bride made me think I am now a wife and a mother never again a student The desks sure hadn't changed but in the past 20 years I sure had Non traditional students face challenges well beyond academia In this anthology adult learners share their personal journeys Facing fears overcoming obstacles to graduation day these stories will inspire anyone considering their own education endeavor **My Wet MILF Set #6** Divina Demure, 2025-05-31 For lovers of MILF's getting stuffed by their sons over 440 print pages of taboo moms and sons bonding their breeding fluids at home spread over ten taboo stories with themes of submissive MILF's a lusty aunt and two moms sons going at it together Included Taboo Titles My Bent Over Mom My Early Morning Mom My Play Time Mom My Obedient Yoga Mom Mom Meets Another Nympho My Fever Fixing Mom My Lusty Visiting Aunt My Silent Mute Mom My Santa Mom
