Geography and Enlightenment David N. Livingstone, Charles W. J. Withers, 1999-12-15 Geography and Enlightenment explores both the Enlightenment as a geographical phenomenon and the place of geography in the Enlightenment From wide ranging disciplinary and topical perspectives contributors consider the many ways in which the world of the long eighteenth century was brought to view and shaped through map and text exploration and argument within and across spatial and intellectual borders The first set of chapters charts the intellectual and geographical contexts in which Enlightenment ideas began to form including both the sites in which knowledge was created and discussed and the different means used to investigate the globe Detailed explorations of maps created during this period show how these new ways of representing the world and its peoples influenced conceptions of the nature and progress of human societies while studies of the travels of people and ideas reveal the influence of far flung places on Enlightenment science and scientific credibility The final set of chapters emphasizes the role of particular local contexts in Enlightenment thought Contributors are Michael T Bravo Paul Carter Denis Cosgrove Stephen Daniels Matthew Edney Anne Marie Claire Godlewska Peter Gould Michael Heffernan David N Livingstone Dorinda Outram Chris Philo Roy Porter Nicolaas Rupke Susanne Seymour Charles Watkins and Charles W J Withers      **Spirit of the Times and the New York Sportsman**, 1865      *Gleason's Pictorial*, 1853      Dwight's Journal of Music, a Paper of Art and Literature John Sullivan Dwight, 2021-10-28 Reprint of the original first published in 1867      The Illustrated London News, 1845      The Imperial magazine; or, Compendium of religious, moral, & philosophical knowledge. Vol.1-12. 2nd ser. (ed. by S. Drew). Vol.1-4, 1827      New York Magazine, 1970-03-30 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for

readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      Zamumo's Gifts Joseph M. Hall, Jr.,2012-05-26 In 1540 Zamumo the chief of the Altamahas in central Georgia exchanged gifts with the Spanish conquistador Hernando de Soto With these gifts began two centuries of exchanges that bound American Indians and the Spanish English and French who colonized the region Whether they gave gifts for diplomacy or traded commodities for profit Natives and newcomers alike used the exchange of goods such as cloth deerskin muskets and sometimes people as a way of securing their influence Gifts and trade enabled early colonies to survive and later colonies to prosper Conversely they upset the social balance of chiefdoms like Zamumo s and promoted the rise of new and powerful Indian confederacies like the Creeks and the Choctaws Drawing on archaeological studies colonial documents from three empires and Native oral histories Joseph M Hall Jr offers fresh insights into broad segments of southeastern colonial history including the success of Florida s Franciscan missionaries before 1640 and the impact of the Indian slave trade on French Louisiana after 1699 He also shows how gifts and trade shaped the Yamasee War which pitted a number of southeastern tribes against English South Carolina in 1715 17 The exchanges at the heart of Zamumo s Gifts highlight how the history of Europeans and Native Americans cannot be understood without each other      The Engineer ,1878      **"The" Athenaeum** ,1893      **Forest and Stream** ,1894

*Social Science Quotations* David L. Sills,Robert King Merton,2000 The use of quotations in scientific writings often fails to capture the force of formulations that made the quotations memorable In this reference work the date and source of each quotation serve to help place them in their larger contexts making it useful in examining the discipline s history

**Athenaeum** ,1860      **Spellbound** Molly Worthen,2025-05-27 What happens when Americans lose faith in their religious institutions and politicians fill the void From the Puritans to Donald Trump this sweeping history will change your understanding of the forces that create leaders and hold their followers captive Elegant and insightful Spellbound is an important contribution to the urgent project of understanding America in our time Jon Meacham Everyone feels it Cultural and political life in America has become unrecognizable and strange Firebrands and would be sages have taken the place of reasonable and responsible leaders Nuanced debates have given way to the smug confidence of yard signs How did we get here In Spellbound historian Molly Worthen argues that we will understand our present moment if we learn the story of charisma in America From the Puritans and Andrew Jackson to Black nationalists and Donald Trump the saga of American charisma Worthen argues stars figures who possess a dangerous and alluring power to move crowds They invite followers into a cosmic drama where hopes are fulfilled and grievances are put right and these charismatic leaders insist that they alone plot the way The story of charisma in America reveals that when traditional religious institutions fail to deliver on their promise of a meaningful life people will get their spiritual needs met in a warped cultural and political landscape dominated

by those who appear to have the power to bring order and meaning out of chaos Charismatic leaders address spiritual needs offering an alternate reality where people have knowledge power and heroic status whether as divinely chosen instruments of God or those who will restore national glory Through Worthen s centuries spanning historical research Spellbound places a crucial religious lens on the cultural economic and political upheavals facing Americans today *The Florida Historical Quarterly* Florida Historical Society,2005 **Oxford and Cambridge undergraduate's journal** ,1873 **The Oxford Magazine** ,1887 **New York Magazine** ,1970-03-30 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
