American Writers Elizabeth H. Oakes,2004 American Writers focuses on the rich diversity of American novelists     Red Bird Mary Oliver,2008-04-01 Red bird came all winter firing up the landscape as nothing else could So begins Mary Oliver s twelfth book of poetry and the image of that fiery bird stays with the reader appearing in unexpected forms and guises until in a postscript he explains himself For truly the body needs a song a spirit a soul And no less to make this work the soul has need of a body and I am both of the earth and I am of the inexplicable beauty of heaven where I fly so easily so welcome yes and this is why I have been sent to teach this to your heart This collection of sixty one new poems the most ever in a single volume of Oliver s work includes an entirely new direction in the poet s work a cycle of eleven linked love poems a dazzling achievement As in all of Mary Oliver s work the pages overflow with her keen observation of the natural world and her gratitude for its gifts for the many people she has loved in her seventy years as well as for her disobedient dog Percy But here too the poet s attention turns with ferocity to the degradation of the Earth and the denigration of the peoples of the world by those who love power Red Bird is unquestionably Mary Oliver s most wide ranging volume to date     **House of Light** Mary Oliver,2025-09-02 Tell me what is it you plan to do with your one wild and precious life Mary Oliver The Summer Day House of Light Mary Oliver s words guide us with solace and empathy across the rocky terrain of human existence In House of Light which was originally published in 1990 the Pulitzer Prize winning poet offers us an opportunity to transcend ordinary life into a realm of natural wonder Oliver investigates themes on how to love this world and to live as though time didn t exist in her poems Spring and The Swan and she awakens within us a renewed sense of awe in The Ponds Still what I

want in my life is to be willing to be dazzled to cast aside the weight of facts and maybe even to float a little above this difficult world As her words suspend time and space Oliver encourages us to attune ourselves to the quiet moments of enlightenment that perforate each day Meditative and soulful the forty six poems in this collection honor our collective threads of humanity and our never ending quest for grace Oliver s poems are thoroughly convincing as genuine moving and implausible as the first caressing breeze of spring The New York Times Book Review     **The Truth of Ecology** Dana Phillips,2003-03-27 The Truth of Ecology is a wide ranging polemical appraisal of contemporary environmental thought Focusing on the new field of ecocriticism from a thoroughly interdisciplinary perspective this book explores topics as diverse as the history of ecology in the United States the distortions of popular environmental thought the influence of Critical Theory on radical science studies and radical ecology the need for greater theoretical sophistication in ecocriticism the contradictions of contemporary American nature writing and the possibilities for a less devotional wilder approach to ecocritical and environmental thinking Taking his cues from Thoreau Stevens and Ammons from Wittgenstein Barthes and Eco from Bruno Latour and Michel Serres from the philosophers Rorty Hacking and Dennett and from the biologists Ernst Mayr and Stephen Jay Gould author Dana Phillips emphasizes an eclectic but pragmatic approach to a variety of topics His subject matter includes the doctrine of social construction the question of what it means to be interdisciplinary the disparity between scientific and literary versions of realism the difficulty of resolving the tension between facts and values or more broadly between nature and culture the American obsession with personal experience and the intellectual challenges posed by natural history Those challenges range from the near impossibility of defining ecological concepts with precision to the complications that arise when a birder tries to identify chickadees in poor light on a winter s afternoon in the Poconos
