Lewis D. Mathis, 2022-05-11 The purpose of this study on charismatic and expository preaching is to find the common ground of the two preaching methods and solidify them into a sound biblical and theological preaching method that will edify the body of Christ and lead to growth for local churches To solidify charismatic and expository preaching it is necessary to explore the hermeneutical exegetical and homiletical issues that divide the two methods regarding the work of the Holy Spirit and the gifts the Spirit bestows to believers for ministry Charismatic interpretations concerning the gifts of the Spirit revolve around speaking in tongues as the primary identifier of being filled with the Spirit which most expository preachers and scholars view as an incorrect interpretation This study seeks to answer these problems in the quest of unifying both preaching methods Fresh Perspectives on St John Chrysostom as an Exegete, 2025-01-27 This volume delves into the

China and End-Time Prophecy Eugene Bach, 2021-08-31 In *China an Army Is Rising* For years China s population size economic growth and thirst for military power have taken center stage by those who study biblical prophecy Most end time experts have seen the Red Dragon as an aggressor to Israel In Revelation 16 and 19 John s mention of the armies involved in the final battle marking the end of the world could well depict China s army today However a different kind of army is also rising in China and it is quickly approaching two hundred million people This army is for Christ not against Him It is a host of Christians from the Chinese underground house church who are fighting a battle against principalities and powers and spreading the gospel in unprecedented ways under intense persecution These Christians are motivated by a powerful vision called Back to Jerusalem The Chinese church is quietly working to complete the Great Commission by bringing the gospel to unreached peoples in China s eastern provinces and to all the countries between the border of China and the city of Jerusalem Yet there s even more to this fascinating development What you read in this book may change your view of end time prophecy Back to Jerusalem is not just a missions movement of the Chinese church It is an eschatological event confirmed by both the Old and New Testaments God is using the Red Dragon to fulfill His ultimate purposes *China and End Time Prophecy* explores the surprising connection between ancient prophecy and China s modern missions phenomenon This book will give you a new vision of what it means to go into all the world with the gospel Most of all it will show you why the completion of the Great Commission is inevitable and the return of Christ is unstoppable

The Trouble with the Trinity Carlos A. Pinkham, 2019-07-26 One God or one with several forms Or maybe

two three or perhaps many separate Gods If you seriously study all the Christian religions you will find that each of these possibilities is claimed That is one trouble with the Trinity there are just too many possibilities Which if any is right Which view does the Bible support And if it supports one view how strongly and in exactly what way The Trouble with the Trinity attempts to study every verse in God s Word that links a name for one or more members of the Godhead with a nearby word or concept for God Nearly a thousand verses meet this condition Collating them into logical categories reveals the eight and only eight possible ways and combinations that could help us understand that the Father Son and Holy Spirit is Three in One Moreover when the verses in each of these eight ways are further organized they provide deep insights into the nature of God And when the eight ways are woven together they reveal a startling symbol with relevance to Judaism Christianity Islam geometry and our neural network Furthermore these insights are reinforced through the symbolism of the colors used in the tabernacle when these colors are properly applied to the eight parts of the symbol The book incorporates mathematics and science especially the biological sciences written with plain language into the discussions of the Trinity Some of the proposed connections have never been posited elsewhere It also considers other symbols and icons of the Trinity for their ability to reflect aspects of the Triune Godhead The Trouble with the Trinity is not written for the theologian although it includes a section that presents a theological discussion of the Trinity Rather it is written for those who are curious about or confused by the Trinity For more information and to view Images About the book Appendixes and more as well as contact information please go to <https://www.thetwtt.com> You can also visit the author s Facebook page <https://www.facebook.com/TTWTTrinity> view_public_for 100820838002256

Radical Sending Demi Prentiss, Fletcher Lowe, 2015-10-10 As congregations explore their emerging visions they need support in equipping the saints for their day to day lives and ministries beyond the doors of the building The Dismissal go in peace to love and serve the Lord becomes as important as the Eucharist in feeding the people for the journey But churches often fail to focus on this baptismal calling to go into the worlds of work family and community This book fills that void focusing on how the baptized become go ers providing practical and tested ways of fulfilling that calling Go to Love and Serve builds on and complements the work of Stephanie Spellers Radical Welcome which called congregations to move beyond diversity and inclusion to be places where the transforming gifts voices

and power of marginalized cultures and groups bring new life to the mainline church Each chapter is followed by discussion questions for use with small groups or for personal reflection **God, Suffering, and Pentecostals** Marius Nel, 2022-02-04 Pentecostals emphasize that God is still the Healer of all illnesses implying that God answers all prayers What about those who are not healed How do we explain suffering Why does a good God allow suffering Is God not powerful enough to prevent it In this publication the author reconsiders these questions from a Pentecostal hermeneutical perspective to develop a novel way to think about God's involvement with suffering among people His experimental theology speculates how a Pentecostal ethos accommodates a theodicy that acknowledges suffering and God's involvement in people's lives Although the book is a theologically constituted attempt anyone can follow and understand its arguments It concludes with alternative views of suffering evil God's loving attention to people the doctrine of original sin and Satan The author also suggests some ways to respond to suffering
