Voices Of Protest Huey Long Father Coughlin The Great Depression

Jeremi Suri

Voices Of Protest Huey Long Father Coughlin The Great Depression:

Voices of Protest Alan Brinkley, 2011-08-10 The study of two great demagogues in American history Huey P Long a first term United States Senator from the red clay piney woods country of nothern Louisiana and Charles E Coughlin a Catholic priest from an industrial suburb near Detroit Award winning historian Alan Brinkely describes their modest origins and their parallel rise together in the early years of the Great Depression to become the two most successful leaders of national political dissidence of their era Winner of the American Book Award for History **For the Survival of Democracy** Alonzo L. Hamby, 2004 For the Survival of Democracy is a masterful retelling of the prewar crisis years that situates Franklin Roosevelt and America in the larger context of German British and world history rendering the most accurate picture to date of FDRUs extraordinary leadership *The Senate, 1789-1989: Classic speeches, 1830-1993* Robert C. Byrd, 1988 Contains the texts of 46 speeches by Robert Y Hayne Daniel Webster Henry Clay John C Calhoun Thomas Corwin Thomas Hart Benton William H Seward Jeremiah Clemens William P Fessenden Stephen A Douglas Jefferson Davis Andrew Johnson Henry Cabot Lodge William E Borah Rebecca L Fenton Huey P Long Joseph R McCarthy Hubert H Humphrey Richard M Nixon Frank Church John F Kennedy Robert F Kennedy Michael J Mansfield Everett M Dirksen Gale W McGee Robert C Byrd and other Senators *Senate, 1789-1989, V. 3: Classic Speeches, 1830-1993* Wendy Wolff, Contains the texts of 46 speeches by Robert Y Hayne Daniel Webster Henry Clay John C Calhoun Thomas Corwin Thomas Hart Benton William H Seward Jeremiah Clemens William P Fessenden Stephen A Douglas Jefferson Davis Andrew Johnson Henry Cabot Lodge William E Borah Rebecca L Fenton Huey P Long Joseph R McCarthy Hubert H Humphrey Richard M Nixon Frank Church John F Kennedy Robert F Kennedy Michael J Mansfield Everett M Dirksen Gale W McGee Robert C Byrd and other Senators *New Deal Radio* David Goodman, Joy Elizabeth Hayes, 2022-05-13 New Deal Radio examines the federal government s involvement in broadcasting during the New Deal period looking at the U S Office of Education s Educational Radio Project The fact that the United States never developed a national public broadcaster has remained a central problem of US broadcasting history Rather than ponder what might have been authors Joy Hayes and David Goodman look at what did happen There was in fact a great deal of government involvement in broadcasting in the US before 1945 at local state and federal levels Among the federal agencies on the air were the Department of Agriculture the National Park Service the Works Progress Administration WPA and the Federal Theatre Project Contextualizing the different series aired by the Educational Radio Project as part of a unified project about radio and citizenship is crucial to understanding them New Deal Radio argues that this distinctive government commercial partnership amounted to a critical intervention in US broadcasting and an important chapter in the evolution of public radio in America *Women of the Far Right* Glen Jeansonne, 1996 The majority of American women supported the Allied cause during World War II and made sacrifices on the home front to benefit the war effort But U S intervention was opposed by a movement led by ultraright women whose professed desire to keep their sons out of combat

was mixed with militant Christianity anticommunism and anti-Semitism. This book is the first history of the self-styled mothers movement so called because among its component groups were the National Legion of Mothers of America the Mothers of Sons Forum and the National Blue Star Mothers. Jeanette examines the motivations of these women the political and social impact of their movement and their collaborations with men of the far right and also with mainstream isolationists such as Charles Lindbergh. Drawing on files kept by the FBI and other confidential documents this book sheds light on the history of the war era and on women's place within the far right.

Kingfish Of The Lodge Tyler Lucas, 2023-08-29 Tyler Lucas is an exciting new voice in history writing whose scholarship highly readable writing style and passion for his subject shines through. Andrew Roberts author of Churchill Walking With Destiny Foreword by The Honorable Mary Jo Jacobo former Assistant U.S. Secretary of Commerce and former Special Assistant to the President of the United States. When Huey Long raised his right hand to take the governor's oath of office Louisiana and the nation would never be the same. Serving as chief executive from 1928 to 1932 Long ushered in a new era for the Bayou State an era in which the hegemonic coalition of planters and industrialists was replaced with an administration that finally gave a voice to the people of Louisiana. Assiduously accumulating and masterfully wielding power Huey Long achieved vast results that profoundly changed the lives of countless Louisianans while also amassing the greatest concentration of power over one state the nation had ever seen. But was his all-consuming quest for power detrimental to democracy in Louisiana. Though much of society benefited from his reforms politics in Louisiana undoubtedly took a turn for the worse as corruption stolen elections and rampant power abuses became a common fact of life under the Kingfish's rule. Gracefully written and well researched Kingfish of The Lodge delves into these questions while also providing a vivid history of America's most extraordinary governorship.

Feeling Mediated Brenton J. Malin, 2014-03-28 New technologies whether text message or telegraph inevitably raise questions about emotion. New forms of communication bring with them both fear and hope on one hand allowing us deeper emotional connections and the ability to forge global communities while on the other prompting anxieties about isolation and over stimulation. Feeling Mediated investigates the larger context of such concerns considering both how media technologies intersect with our emotional lives and how our ideas about these intersections influence how we think about and experience emotion and technology themselves. Drawing on extensive archival research Brenton J. Malin explores the historical roots of much of our recent understanding of mediated feelings showing how earlier ideas about the telegraph phonograph radio motion pictures and other once new technologies continue to inform our contemporary thinking. With insightful analysis Feeling Mediated explores a series of fascinating arguments about technology and emotion that became especially heated during the early 20th century. These debates which carried forward and transformed earlier discussions of technology and emotion culminated in a set of ideas that became institutionalized in the structures of American media production advertising social research and policy leaving a lasting impact on our everyday lives.

The Propaganda Warriors Clayton David Laurie, 1996 A

fascinating story Essential to an understanding of America s use of propaganda Warren F Kimball author of *The Juggler Franklin Roosevelt as Wartime Statesman* Lively and revealing There is much that is new and important in this book All students of the war as well as of intelligence will benefit from it Robin W Winks author of *Cloak and Gown* A must acquisition for anyone with any interest in espionage intelligence and propaganda Dennis Showalter author of *Tannenburg Clash of Empires* Voices of Protest Alan Brinkley,1983 **Hoods and Shirts** Philip Jenkins,2000-11-09 Extreme right wing groups have always been a part of the American religious and political landscape The era between the world wars especially the 1930s was a particularly volatile period and by 1940 racist nativist and fascist groups had become so visible as to arouse public fears of insurrection and sabotage In *Hoods and Shirts* Philip Jenkins uses developments in Pennsylvania as a case study of the local activities and broader significance of organizations such as the Ku Klux Klan the Italian Black Shirts the Silver Legion the German American Bund and Father Coughlin s Christian Front Pennsylvania s cities were a stronghold of several of the most active extremist movements and Jenkins argues that while the threats they posed were often exaggerated to benefit the solidarity of the political mainstream a loose coalition of dozens of these groups nevertheless constituted a formidable political presence in the state In chapters on each of the major organizations Jenkins traces their common commitment to a fascist agenda as well as the ethnic and religious differences that divided them His comprehensive analysis sheds new light on how these right wing movements influenced the mainstream of American politics in the interwar years Originally published in 1997 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Icons of Democracy** Bruce Miroff,2000 In a blend of history biography political science and political theory he offers examples of the finest democratic leadership as well as cautionary tales of prominent leaders whose styles were essentially aristocratic BOOK JACKET *Race & Democracy* Adam Fairclough,2008 From the foundation of the New Orleans branch of the NAACP in 1915 to the beginning of Edwin Edwards first term as governor in 1972 this is a wide ranging study of the civil rights struggle in Louisiana This edition contains a new preface which brings the narrative up to date including coverage of Hurricane Katrina *Unfit for Democracy* Stephen E. Gottlieb,2016-01-08 Since its founding Americans have worked hard to nurture and protect their hard won democracy And yet few consider the role of constitutional law in America s survival In *Unfit for Democracy* Stephen Gottlieb argues that constitutional law without a focus on the future of democratic government is incoherent illogical and contradictory Approaching the decisions of the Roberts Court from political science historical comparative and legal perspectives Gottlieb highlights the dangers the court presents by neglecting to interpret the law with an eye towards preserving democracy From back cover **The Rich Don't Always Win** Sam Pizzigati,2012-11-27 The Occupy Wall Street protests have captured America s political imagination Polls show that two

thirds of the nation now believe that America's enormous wealth ought to be distributed more evenly. However, almost as many Americans well over half feel the protests will ultimately have little impact on inequality in America. What explains this disconnect? Most Americans have resigned themselves to believing that the rich simply always get their way. Except they don't. A century ago the United States hosted a super rich even more domineering than ours today. Yet fifty years later that super rich had almost entirely disappeared. Their majestic mansions and estates had become museums and college campuses and America had become a vibrant mass middle class nation the first and finest the world had ever seen. Americans today ought to be taking no small inspiration from this stunning change. After all, if our forbears successfully beat back grand fortune why can't we? But this transformation is inspiring virtually no one. Why? Because the story behind it has remained almost totally unknown until now. This lively popular history will speak directly to the political hopelessness so many Americans feel. By tracing how average Americans took down plutocracy over the first half of the 20th Century and how plutocracy came back. **The Rich Don't Always Win** will outfit Occupy Wall Street America with a deeper understanding of what we need to do to get the United States back on track to the American dream. **The First Peacetime Draft** John Garry Clifford, Samuel R. Spencer, 1986 Using the Selective Service Act of 1940 as a focus to illuminate the evolution of American policy and attitudes toward the Second World War. **The First Peacetime Draft** unites exhaustive research with crisp narrative and trenchant analysis. It is a first rate work. Arthur Schlesinger Jr. author of *The Age of Roosevelt* and *The Imperial Presidency*.

Conservatives and the Constitution Ken I. Kersch, 2019-03-28 Recovers a contested evolving tradition of conservative constitutional argument that shaped the past and is bidding to make the future. **The Coming of the American Behemoth** Michael Joseph Roberto, 2018-10-22 A primer on the history of American fascism. Most people in the United States have been trained to recognize fascism in movements such as Germany's Third Reich or Italy's National Fascist Party where charismatic demagogues manipulate incensed vengeful masses. We rarely think of fascism as linked to the essence of monopoly finance capitalism operating under the guise of American free enterprise. But as Michael Joseph Roberto argues this is exactly where fascism's embryonic forms began gestating in the United States during the so called prosperous 1920s and the Great Depression of the following decade. Drawing from a range of authors who wrote during the 1930s and early 1940s Roberto examines how the driving force of American fascism comes not from reactionary movements below but from the top namely Big Business and the power of finance capital. More subtle than its earlier European counterparts writes Roberto fascist America's racist top down quashing of individual liberties masqueraded as real democracy upholding the Constitution and the pressure to be 100 Percent American. **The Coming of the American Behemoth** is intended as a primer to forge much needed discourse on the nature of fascism and its particular forms within the United States. The book focuses on the role of the capital labor relationship during the period between the two World Wars when the United States became the epicenter of the world capitalist system. Concentrating on specific processes which he characterizes as terrorist and non

terrorist alike Roberto argues that the interwar period was a fertile time for the incubation of a protean more salable form of tyranny a fascist behemoth in the making whose emergence has been ignored or dismissed by mainstream historians This book is a necessity for anyone who fears America tipping ever closer in this era of Trump to full blown fascism *American Foreign Relations Since 1898* Jeremi Suri, 2010-04-26 This volume brings together more than 50 documents which examine foreign policy not only in terms of leaders and states but also through social movements cultures ideas and images to provide comprehensive understanding of how Americans have interacted with the wider world since 1898 Draws together over 50 primary documents to give readers a first hand account of the people and events that shaped the foreign policy of the United States Incorporates documents relating not only to leaders and states but also to social movements cultures ideas and images Highlights the diverse range of contributors to debates about American foreign policy from presidents to protesters students to singers Includes a comprehensive introduction to the subject and headnotes for each document written by the editor as well as a bibliography for further study **Social Security** Daniel Béland, 2005 Compact timely well researched and balanced this institutional history of Social Security s seventy years shows how the past still influences ongoing reform debates helping the reader both to understand and evaluate the current partisan arguments on both sides

Right here, we have countless book **Voices Of Protest Huey Long Father Coughlin The Great Depression** and collections to check out. We additionally allow variant types and next type of the books to browse.
