**Concordance to the Michael Teachings** Barbara J. Taylor, 2009-08-10 Concordance to the Michael Teachings Topic Index to 28 Published Books about the Spiritual system known as The Michael Teachings Perfect bound edition updated July August 2009     *Shopkeepers and Master Artisans in Nineteenth-Century Europe* Geoffrey Crossick, Heinz-Gerhard Haupt, 2016-07-01 First published in 1984 Shopkeepers and master artisans had a striking presence in the history of nineteenth century Europe not only in the development of industrial and urban economies but also the fabric of social life and the politics of protest The experience of 1848 the differing pace of various forms of nationalism and liberalism and at the end of the century the shift towards right wing nationalist or Catholic political movements reflected a developing crisis in the petite bourgeoisie The essays examine the nature of this crisis and ask critical questions about the social relations of the petite bourgeoisie with the developing working classes This book as a whole provides a fresh and integrated approach to the world of these shopkeepers and master artisans and illuminates much else besides in the social history of nineteenth century Europe     **The Prop Building Guidebook** Eric Hart, 2013-02-11 Theatre and film frequently require replicas of three dimensional objects built for actors to use This book lays the groundwork for an artisan to determine what materials and techniques to use to build these props Walking the reader through the various tools and techniques used in historical and contemporary prop making the author present a process for deciding the materials and methods to build any prop With an explanation of how the craft and its products have developed over time the budding artisan will understand not just how and when to use certain techniques or materials but also why to use them and what advantages they give It arms the prop maker with a structured procedure for approaching the construction of any prop Illustrated with step by step examples of how to use each construction method and explanations of different types of materials this book gives the beginner prop artisan a strong foundation to approach the construction of props and answers the question How should I begin The author is hosting an online component to the book along with his successful blog It will feature additional resources for the prop maker including books shops contact information and how to videos     **Monthly Summary of Commerce and Finance of the United States** United States. Department of Commerce and Labor. Bureau of Statistics, 1904     **The Theology of Craft and the Craft of Work** Jeremy Kidwell, 2016-06-03 An important reconceptualisation is taking place in the way people express creativity work together and engage in labour particularly suggests Kidwell a surprising resurgence in recent years of manual and craft work Noting the wide array of outlets that now market hand made goods and the array of popular books which advocate making as a basis for activism or personal improvement this book seeks to understand how the micro politics of craft work might offer insights for a broader theology of work Why does it matter that we do work which is meaningful excellent and beautiful Through a close reading of Christian scripture The Theology of Craft and the Craft of Work examines the theology and ethics of work in light of original biblical exegesis Kidwell presents a detailed exegetical study of temple

construction accounts in the Hebrew bible and the New Testament Illuminating a theological account of craft and employing the ancient vision of good work which is preserved in these biblical texts Kidwell critically interrogates modern forms of industrial manufacture This includes a variety of contemporary work problems particularly the instrumentalisation and exploitation of the non human material world and the dehumanisation of workers Primary themes taken up in the book include agency aesthetics sociality skill and the material culture of work culminating with the conclusion that the church or new temple is both the product and the site of moral work Arguing that Christian worship provides a moral context for work this book also examines early Christian practices to suggest a theological reconceptualisation of work     *Handbook of Ancient Afro-Eurasian Economies* Sitta von Reden,2021-12-20 The second volume of the Handbook describes different extractive economies in the world regions that have been outlined in the first volume A wide range of economic actors from kings and armies to cities and producers are discussed within different imperial settings as well as the tools which enabled and constrained economic outcomes A central focus are nodes of consumption that are visible in the archaeological and textual records of royal capitals cities religious centers and armies that were stationed in some cases permanently in imperial frontier zones Complementary to the multipolar concentrations of consumption are the fiscal tributary structures of the empires vis vis other institutions that had the capacity to extract mobilize and concentrate resources and wealth Larger volumes of state issued coinage in various metals show the new role of coinage in taxation local economic activities and social practices even where textual evidence is absent Given the overwhelming importance of agriculture the volume also analyses forms of agrarian development especially around cities and in imperial frontier zones Special consideration is given to road and water management systems for which there is now sufficient archaeological and documentary evidence to enable cross disciplinary comparative research     *Solid/Liquid Separation: Equipment Selection and Process Design* Steve Tarleton,Richard Wakeman,2006-12-07 In this volume the third in a set specifically written for the industrial process and chemical engineer the authors provide the detailed information on filtration equipment and media which allows the reader to then consider the pre treatment of suspensions selection of the most appropriate equipment for the task data analysis and the subsequent design of the processes involved for particular separations The result is a comprehensive book which is designed to be used frequently and referred to regularly in order to achieve better industrial separations Successful industrial scale separation of solids from liquids requires not only a thorough understanding of the principles involved but also an appreciation of which equipment to use for best effect and a start to finish plan for the various processes involved in the operation If these factors are all correct then successful separations should result Part of 3 volume set Unique approach to industrial separations Internationally known authors     *Hometown Hamburg* Frank Domurad,2019-03-22 Through the study of Hamburg handicraft in the late Weimar Republic Hometown Hamburg addresses three intertwined problems in modern German history the role of institutionalized social political and cultural continuity versus contingency in the course of

modern German development the impact of conflicting notions of social order on the survival of liberal democracy and the role of corporate politics in the rise of National Socialism It provides a theoretical and analytical framework for reintroducing the notion of historical continuity in the study of modern German history The book also supports the recent challenges to the notion of Hamburg as a liberal economic and political bastion a London on the Elbe in a nation of conservative and authoritarian governmental regimes Hometown Hamburg demonstrates why liberal and socialist Hamburg also remained a hotbed of corporate radicalism and underscores the fact that National Socialism was the only political party that presented a coherent vision of a corporate good society thereby making it attractive to hometown voters across the entire social spectrum in Hamburg and in Germany
