**Sacs\_new option in the automated tools reports RAOs as G forces, but they should be displacement**

Mon, 13 Jun 2016 17:08:00 GMT

The RAO type is set by the value in column 5 of the RAO line and are defined as Gravitational accelerations (G's) when the value is 'G', and for displacement it should be 'D'.

The SACSS output is for displacement, also referred to as motions. The value in column 5 should be written as 'D'.

This will be fixed in the next update.

*Whose Heritage?* Susan L.T. Ashley, Degna Stone, 2023-03-28 This edited collection challenges and re imagines what is heritage in Britain as a globalised vernacular cosmopolitan post nation It takes its inspiration from the foundational work of public intellectual Stuart Hall 1932 2014 Hall was instrumental in calling out embedded elitist conceptions of The Heritage of Britain The book s authors challenge us to reconsider what is valued about Britain s past its culture and its citizens Populist discourses around the world including Brexit and culture war declarations in the UK demonstrate how heritage and ideas of the past are mobilised in racist politics The multidisciplinary chapters of this book offer critical inspections of these politics and dig deeply into the problems of theory policy and practice in today s academia society and heritage sector The volume challenges the lack of action since Hall rebuked The Heritage twenty years ago The authors featured here are predominantly Black Britons academics and practitioners engaged in culture and heritage spurred by the killing of George Floyd and the rise of the Black Lives Matter movement to contest racist practices and structures that support them This fact alone makes the volume a unique addition to the Routledge Museum Heritage Studies repertoire The primary audience will be academics but it will also attract culture sector practitioners and heritage institutions However the book is particularly aimed at scholars and community members who identify as Black and are centrally concerned with questions of identity and race in British society Its Open Access status will facilitate access to the book by all groups in society
