workshop and tutorial program complemented the main technical track. We had 13 workshops and 8 tutorials as well as the co-located Dynamic Language Symposium DLS. Finally the program was rounded out with a keynote by Rachid Guerraoui and a banquet speech by James Noble. As in previous years two Dahl Nygaard awards were selected by AITO and for the first time the ECOOP Program Committee gave a best paper award. The proceedings include 27 papers selected from 138 submissions. The papers were reviewed in a single blind process with three to five reviews per paper.

Liminary versions of the reviews were made available to the authors a week before the PC meeting to allow for short 500 words or less author responses. The sponsors were discussed at the PC meeting and were instrumental in reaching decisions. The PC discussions followed Oscar Nierstrasz' Champion pattern. PC papers had five reviews and were held at a higher standard.
