## **Nigger At Eton:**

**Nigger at Eton** Dillibe Onyeama,1972      *Out in Africa* Chantal J. Zabus,2013 Homosexuality was and still is thought to be quintessentially un African Yet in this book Chantal Zabus examines the anthropological cultural and literary representations of male and female same sex desire from early colonial contacts between Europe and Africa in the nineteenth century to the present Covering a broad geographical spectrum from Mali to South Africa and from Senegal to Kenya and adopting a comparative approach encompassing two colonial languages English and French and some African languages *Out in Africa* charts developments in Sub Saharan African texts and contexts through the work of 7 colonial and some 25 postcolonial writers      **Oyibos** Gus Udo,2011-08-22 This vivid memoir offers a fascinating glimpse into the modern day life of a West African emigrant who embarks on an extraordinary half century journey to England and America An intelligent poignant and ultimately inspiring account of how unforeseen circumstances can change lives dramatically      **Empire of Words** John Willinsky,1994-10-31 What is the meaning of a word Most readers turn to the dictionary for authoritative meanings and correct usage But what is the source of authority in dictionaries Some dictionaries employ panels of experts to fix meaning and prescribe usage others rely on derivation through etymology But perhaps no other dictionary has done more to standardize the English language than the formidable twenty volume Oxford English Dictionary in its 1989 second edition Yet this most Victorian of modern dictionaries derives its meaning by citing the earliest known usage of words and by demonstrating shades of meaning through an awesome database of over five million examples of usage in context In this fascinating study John Willinsky challenges the authority of this imperial dictionary revealing many of its inherent prejudices and questioning the assumptions of its ongoing revision Clearly the OED is no simple record of the language as she is spoke Willinsky writes It is a selective representation reflecting certain elusive ideas about the nature of the English language and people *Empire of Words* reveals by statistic and table incident and anecdote how serendipitous judgmental and telling a task editing a dictionary such as the OED can be Willinsky analyzes the favored citation records from the three editorial periods of the OED s compilation the Victorian imperial first edition the modern supplement and the contemporary second edition composed on an electronic database He reveals shifts in linguistic authority the original edition relied on English literature and surprisingly on translations reference works and journalism the modern editions have shifted emphasis to American sources and periodicals while continuing to neglect women workers and other English speaking countries Willinsky s dissection of dictionary entries exposes contradictions and ambiguities in the move from citation to definition He points out that Shakespeare the most frequently cited authority in the OED often confounds the dictionary s simple sense of meaning with his wit and artfulness He shows us how the most famous four letter words in the language found their way through a belabored editorial process sweating and grunting into the supplement to the OED Willinsky sheds considerable light on how the OED continues to shape the English language through the sometimes idiosyncratic often biased selection of citations by

hired readers and impassioned friends of the language Anyone who is fascinated with words and language will find Willinsky's tour through the OED a delightful and stimulating experience No one who reads this book will ever feel quite the same about Murray's web of words **Ken Saro-Wiwa** Craig W. McLuckie, Aubrey McPhail, 2000 The authors examine Saro Wiwa's literary output both in terms of literary criticism and within a political framework They give equal attention to his more public roles including public reaction within Nigeria to his work **BOOK JACKET** The Dust Must Settle Obinna Ozoigbo, 2010-12-10 A particular family unit in West Africa disintegrates after the turn of the nineteenth century But this family at the dawning of the twenty first century against all odds is restored In a bid to escape his father's tyranny in Arochukwu Uzo Ogbonna elopes to far away Calabar with his heartthrob Ivuaku But while living among the Efiks he is murdered by his best Efik friend never to set eyes on his motherless triplet children His life as an Anglophile pays off finally a young Welsh missionary in Calabar Mary Ann takes ill and sails with the now orphaned triplets to England in 1923 as toddlers Tracing their ancestral home in Africa some years after would have been a lot easier if Mary Ann had not died and if these triplets had not been separated within the ambit of the British Adoption Act The machinery set in motion for the coming together of these triplets seventy nine years after is skillfully narrated by the author in the Book Two and Book Three of this captivating family saga that spans four generations Importance of Being Eton Nick Fraser, 2012-09-01 Whatever your thoughts about Eton they are likely to be strong a symbol of class and privilege or a bastion of outdated ideas Old alumnus Nick Fraser draws on his own experiences the anecdotes of pupils and teachers past and present and the recollections of the famous and infamous to evaluate the school A Companion to African Literatures Olakunle George, 2021-03-22 Rediscover the diversity of modern African literatures with this authoritative resource edited by a leader in the field How have African literatures unfolded in their rich diversity in our modern era of decolonization nationalisms and extensive transnational movement of peoples How have African writers engaged urgent questions regarding race nation ethnicity gender and sexuality And how do African literary genres interrelate with traditional oral forms or audio visual and digital media A Companion to African Literatures addresses these issues and many more Consisting of essays by distinguished scholars and emerging leaders in the field this book offers rigorous deeply engaging discussions of African literatures on the continent and in diaspora It covers the four main geographical regions East and Central Africa North Africa Southern Africa and West Africa presenting ample material to learn from and think with A Companion To African Literatures is divided into five parts The first four cover different regions of the continent while the fifth part considers conceptual issues and newer directions of inquiry Chapters focus on literatures in European languages officially used in Africa English French and Portuguese as well as homegrown African languages Afrikaans Amharic Arabic Swahili and Yoruba With its lineup of lucid and authoritative analyses readers will find in A Companion to African Literatures a distinctive rewarding academic resource Perfect for undergraduate and graduate students in literary studies programs with an African focus A Companion to

### **Taken as Red, Highs and Lows of the Labour Party, 1924-2019**

Richard Temple, 2024-07-03 This book comprises tales of the Labour Party in the hundred years since the first Labour government It includes many dramatic episodes not least the seething anger of the Glasgow rent strikes during the Great War the looming danger of Hitler in the 1930s and walkouts over equal pay in the 1960s The book conjures up lost worlds which have profoundly influenced modern Britain Above all this book describes the ways in which the Labour Party has impacted on the lives of ordinary people How does Labour measure up after a century of government and opposition The book is accessible and challenges established narratives It is also original No one else for example has written so specifically about the Labour Party and Nazi rearmament or about the Wilson government's response to the Beeching cuts The text draws on a wide variety of sources including the testimony of public figures such as John Betjeman Richard Hoggart Friedrich Engels and George Orwell Researched with scholarly rigour this book will appeal to a wide audience

**Representing Minorities** Soumia Boutkhal, Larbi Touaf, 2009-01-14 The papers in this volume include not only the traditional view of what constitutes a minority but also any individual or group recalcitrant and reluctant not to say resistant to the generalized lobotomy operated by the rampant uniformisation of cultures around the world For in the ruins of the end of history and its context of violence and Manichean politics any opposition to the general consensus could be dismissed as anti historical and atavistic The objective of the book is precisely to counter such rhetoric and underscore the necessity of cultural diversity and the right to difference This book contains what can amount to a critical response to the current context of confusion surrounding the postmodern condition that arguably dominates most societies It stresses the issue of ethics not only in world politics but also in literature and criticism which are the main focus here In fact the interest in minority issues is in itself an ethical concern that contributes to give substance to the idea that postmodernity opens the gates for the long suppressed identities and sensibilities to emerge and demand recognition This volume intends therefore to contribute to the recent ethical turn that seems to take place in scholarship worldwide Operated mainly by what is referred to as postcolonial studies this shift turned literary criticism and cultural studies into the site where a sense of literature can be envisioned that is not at all universalist or reflecting the hegemonic temptations of the new world order It seeks to present a patchwork of minor literatures in the sense that besides the major literatures languages there are myriads of minor voices that express dissimilarity oftentimes under the umbrella of those major languages and literatures themselves
