Many of today's power brands are succeeding in defining what they stand for in a single word. When executed properly, a one word brand positioning is unleashing powerful synergies in the brand building and management process by aligning everyone involved in the same strategic direction. Through this approach, a company's resourcefulness, energy and creativity are being bundled and directed towards the same objective. In this surprising approach to branding, a single word is ultimately driving the entire brand related marketing and sales operation. For instance, Glamour drives the L'Oréal Paris brand while Nivea stands for Care.
