British Museum Catalogue of printed Books ,1895 Dictionary of Anonymous and Pseudonymous English Literature Samuel Halkett,1971 *Horatio Harley Rodney*,1899 **Stars and Stripes** J. M. Baigent,1899 Selected Poems Johann Wolfgang von Goethe,1994 **On Translating French Literature and Film II** ,2021-07-19 The Child Figure in English Literature Robert Pattison,2008

Graveyards or wonderlands have more often than firesides and nurseries been the element in which we encounter the child in English literature and Robert Pattison begins his narrative by asking why literary children are seldom associated with parents and family but instead repeatedly occur as solitary figures against a background of social and philosophic melancholy In a skillful fusion of theology social history and literature Pattison isolates and analyzes the repeated conjunction of the literary figure of the child with two fundamental ideas of Western culture the fall of man and the concept of Original Sin His study of child figures used in English literature and their antecedents in classical literature and early Christian writing documents the symbiotic development of an idea and an image Pattison encounters a wide range of literary offspring among whom are Marvell s little girls Gray s young Etonians Blake s children of innocence and experience the youthful narrators of Dickens and Gosse the children of George Eliot and Henry James and the young protagonists in the children s literature of James Janeway Christina Rossetti and Lewis Carroll **Literature** ,1898

Fettered by Fate G. W. Miller,1899 **Dictionary o Anonymous and Pseudonymous English Literature** Samuel Halkett,1971 *England's Folk Revival and the Problem of Identity in Traditional Music* Joseph Williams,2022-08-12

Establishing an intersection between the fields of traditional music studies English folk music history and the philosophy of Gilles Deleuze and F lix Guattari this book responds to the problematic emphasis on cultural identity in the way traditional music is understood and valued Williams locates the roots of contemporary definitions of traditional music including UNESCO designated intangible cultural heritage in the theory of English folk music developed in 1907 by Cecil Sharp Through a combination of Deleuzian philosophical analysis and historical revision of England s folk revival of the Victorian and Edwardian eras Williams makes a compelling argument that identity is a restrictive ideology that runs counter to the material processes of traditional music s production Williams reimagines Sharp s appropriation of Darwinian evolutionary concepts asking what it would mean today to say that traditional music evolves in light of recent advances in evolutionary theory The book ultimately advances a concept of traditional music that eschews the term s long standing ontological and axiological foundations in the principle of identity For scholars and graduate students in musicology cultural studies and ethnomusicology the book is an ambitious and provocative challenge to entrenched habits of thought in the study of traditional music and the historiography of England s folk revival The First Encounter Andrey Bely,2015-03-08

First published in Russian in 1921 and never translated Andrey Bely s long narrative poem considered to be one of the great achievements of Russian Modernism is translated to English here A poet critic philosopher and novelist Bely was a leading

figure among the Russian Symbolists and *The First Encounter* is thought to be his greatest work in verse. The Academy, 1880 The English Catalogue of Books Published from January, 1835, to January, 1863, 1864 **“All Will Be Swept Away”** Wit Pietrzak, 2022-11-04. The book offers the first comprehensive study of Paul Muldoon's mourning verse. Considering not only the celebrated elegies like *Yarrow Incantata* or *Sillyhow Stride* but also the elegiac impulse as it develops throughout Muldoon's entire work, *All Will Be Swept Away* charts a large swathe of Muldoon's poetic landscape in order to show the complexity with which he approaches the themes of death and mourning. Using archival material as well as a vast array of theoretical apparatuses, the book unveils the psychological, literary and political undertones in his poetry. All the while attending to the operations of the poetic text, its form, its music and its capacity to console, warn and censure.
