Copyright Office, 1974 **The Amateur Hour** Jonathan Zimmerman, 2020-10-27 The first full length history of college teaching in the United States from the nineteenth century to the present this book sheds new light on the ongoing tension between the modern scholarly ideal scientific objective and dispassionate and the inevitably subjective nature of day to day instruction American college teaching is in crisis or so we are told But we've heard that complaint for the past 150 years as critics have denounced the poor quality of instruction in undergraduate classrooms Students daydream in gigantic lecture halls while a professor drones on or they meet with a teaching assistant for an hour of aimless discussion The modern university does not reward teaching so faculty members at every level neglect it in favor of research and publication In the first book length history of American college teaching Jonathan Zimmerman confirms but also contradicts these perennial complaints Drawing upon a wide range of previously unexamined sources The Amateur Hour shows how generations of undergraduates indicted the weak instruction they received But Zimmerman also chronicles institutional efforts to improve it especially by making teaching more personal As higher education grew into a gigantic industry he writes American colleges and universities introduced small group activities and other reforms designed to counter the anonymity of mass instruction They also experimented with new technologies like television and computers which promised to personalize teaching by tailoring it to the individual interests and abilities of each student But Zimmerman reveals the emphasis on the personal inhibited the professionalization of college teaching which remains ultimately an amateur enterprise The more that Americans treated teaching as a highly personal endeavor dependent on the idiosyncrasies of the instructor the less they could develop shared standards for it Nor have they rigorously documented college instruction a highly public activity which has taken place mostly in private Pushing open the classroom door The Amateur Hour illuminates American college teaching and frames a fresh case for restoring intimate learning communities especially for America's least privileged students Anyone who wants to change college teaching will have to start here The Entomologist's Weekly Intelligencer ... , 1861 The Routledge Dictionary of Modern American Slang and Unconventional English Tom Dalzell, 2009 Rev ed of Dictionary of slang and unconventional English by E Partridge 8th ed 1984 **The Pussycat of Prizefighting** Andrew M. F.B. Eyes William J. Maxwell, 2016-12-06 How FBI surveillance influenced African American writing Few institutions seem more opposed than African American literature and J Edgar Hoover's white bread Federal Bureau of Investigation But behind the scenes the FBI's hostility to black protest was energized by fear of and respect for black writing Drawing on nearly 14 000 pages of newly released FBI files F B Eyes exposes the Bureau's intimate policing of five decades of African American poems plays essays and novels Starting in 1919 year one of Harlem's renaissance and Hoover's career at the Bureau secretive FBI ghostreaders monitored the latest developments in African American letters By the time of Hoover's death in 1972 these ghostreaders knew enough to simulate a sinister black literature of their own The official aim behind the Bureau's close reading was to anticipate political unrest Yet as William J Maxwell reveals FBI surveillance came to influence the creation and public reception of African American literature in the heart of the twentieth century Taking his title from Richard Wright's poem *The FB Eye Blues* Maxwell details how the FBI threatened the international travels of African American writers and prepared to jail dozens of them in times of national emergency All the same he shows that the Bureau's paranoid style could prompt insightful criticism from Hoover's ghostreaders and creative replies from their literary targets For authors such as Claude McKay James Baldwin and Sonia Sanchez the suspicion that government spy critics tracked their every word inspired rewarding stylistic experiments as well as disabling self censorship Illuminating both the serious harms of state surveillance and the ways in which imaginative writing can withstand and exploit it F B Eyes is a groundbreaking account of a long hidden dimension of African American literature

Public Opinion, 1865 *Literary Gazette and Journal of Belles Lettres, Arts, Sciences, &c*, 1843 *Race and the Subject of Masculinities* Harry Stecopoulos, Michael Uebel, 1997 Although in recent years scholars have explored the cultural construction of masculinity they have largely ignored the ways in which masculinity intersects with other categories of identity particularly those of race and ethnicity The essays in *Race and the Subject of Masculinities* address this concern and focus on the social construction of masculinity black white ethnic gay and straight in terms of the often complex and dynamic relationships among these inseparable categories Discussing a wide range of subjects including the inherent homoeroticism of martial arts cinema the relationship between working class ideologies and Elvis impersonators the emergence of a gay black masculine aesthetic in the works of James

Van der Zee and Robert Mapplethorpe and the comedy of Richard Pryor *Race and the Subject of Masculinities* provides a variety of opportunities for thinking about how race sexuality and manhood are reinforced and reconstituted in today's society. Editors Harry Stecopoulos and Michael Uebel have gathered together essays that make clear how the formation of masculine identity is never as obvious as it might seem to be. Examining personas as varied as Eddie Murphy Bruce Lee Tarzan Malcolm X and Andre Gide these essays draw on feminist critique and queer theory to demonstrate how cross identification through performance and spectatorship among men of different races and cultural backgrounds has served to redefine masculinity in contemporary culture. By taking seriously the role of race in the making of men *Race and the Subject of Masculinities* offers an important challenge to the new studies of masculinity. Born and educated in Edinburgh he began his career in the colony of Hong Kong and eventually became Commissioner of the remote British leased territory of Weihai in northern China. He travelled widely and during a break from colonial service served as tutor and advisor to Puyi the deposed emperor. As the only foreigner allowed to work in the Forbidden City he wrote the classic account of the last days of the Qing Dynasty *Twilight in the Forbidden City*. Granted unique access to Johnston's extensive personal papers once thought to be lost Shiona Airlie tells the life of a complex and sensitive character whose career made a deep impression on 20th century China. **The Journal of the Royal Agricultural Society of England** Anonymous, 2024-08-13 Reprint of the original first published in 1841
