Navigation and MIS in Orthopedic Surgery James B. Stiehl, Werner H. Konermann, Rolf G. Haaker, A.M. DiGioia, 2007-02-15

The reader is enthusiastically encouraged to tackle this second edition text in two ways The first is simply to scan chapters with their introductions summaries and conclusion points Second is to delve into those sections of seeming greater interest depending upon one s specialty and role The expansion and quality of this material speak to the success of the first edition by these editors and many similar authors In addition the continued and enlarged interest in computer assisted Orthopedic surgery indicates the relevance and enduring importance of this advance in our field of musculoskeletal surgery I suggest that no other discipline in surgery is so appropriately suited to computer assistance including robotic performance Orthopedics has always seemed unique to this author in that it focuses more than any other medical field on gross physical mechanical structure We deal nearly exclusively in physical repair of broken elements rearrangement of deformed ones and resurfacing or refurbishing those that are diseased in a way that has altered their mechanical integrity shapes and other structural aspects

The ABCs of Group Visits Edward B. Noffsinger, 2012-10-26 The US healthcare system faces numerous difficulties uncontrolled increases in costs major access problems doctor shortages closing practices inefficiencies decreasing revenues shrinking bottom lines large numbers of uninsured and underinsured patients and the upcoming increased demands in service posed by the Affordable Care Act As a result many physicians and health care organizations are turning to group visits to address these problems While Dr Noffsinger s textbook Running Group Visits In Your Practice is the cornerstone reference on designing implementing and running shared medical appointments SMAs in one s practice it lacks the simplicity and practicality that clinicians are looking for to start their own SMA programs The ABCs of Group Visits is a practical streamlined and step by step guide focused on the implementation aspects of group visits Healthcare professionals
