Block Structure

- The essay is divided into two separate blocks, one for each subject being compared.
- Each block covers all the aspects related to one subject before moving on to the next block for the second subject.

Point-by-Point Structure

- The essay alternates between discussing points related to both subjects in each paragraph.
- Each paragraph focuses on a specific point of comparison or contrast, covering both subjects.

Advantages

- Offers a clear and straightforward presentation of each subject's information.
- Easier for readers to follow, especially when the subjects being compared have numerous differences.

- Facilitates a more integrated analysis of both subjects, emphasizing connections and contrasts.
- Allows for a more nuanced exploration of similarities and differences.

Disadvantages:

- May result in a repetitive feel if similarities and differences are not explicitly addressed.
- The overall connection between the subjects may not be immediately evident.

- Requires careful attention to transitions to maintain coherence.
- Can be challenging if the points of comparison are complex or numerous.
