The Literary World, 1898 *Edward Said and the Authority of Literary Criticism* Nicolas Vandeviver, 2019-09-26 This book examines the earliest writings of Edward Said and the foundations of what came to be known as postcolonial criticism in order to reveal how the groundbreaking author of *Orientalism* turned literary criticism into a form of political intervention Tracing Said's shifting conceptions of literature and agency in relation to the history of American literary studies in the thirty years or so between the end of World War II and the last quarter of the twentieth century this book offers a rich and novel understanding of the critical practice of this indispensable figure and the institutional context from which it emerged By combining broad scale literary history with granular attention to the vocabulary of criticism Nicolas Vandeviver brings to light the harmonizing of methodological conflicts that informs Said's approach to literature and argues that Said's enduring political significance is grounded in his practice as a literary critic

The Cambridge History of Literary Criticism: Volume 7, Modernism and the New Criticism George Alexander Kennedy, 1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction

The Oxford Handbook of Apocalyptic Literature John Joseph Collins, 2014 Apocalypticism arose in ancient Judaism in the last centuries BCE and played a crucial role in the rise of Christianity It is not only of historical interest there has been a growing awareness especially since the 2001 terrorist attacks on the United States of the prevalence of apocalyptic beliefs in the contemporary world To understand these beliefs it is necessary to appreciate their complex roots in the ancient world and the multi-faceted character of the phenomenon of apocalypticism The Oxford Handbook of Apocalyptic Literature is a thematic and phenomenological exploration of apocalypticism in the Judaic and Christian traditions Most of the volume is devoted to the apocalyptic literature of antiquity Essays explore the relationship between apocalypticism and prophecy wisdom and mysticism the social function of apocalypticism and its role as resistance literature apocalyptic rhetoric from both historical and postmodern perspectives and apocalyptic theology focusing on phenomena of determinism and dualism and exploring apocalyptic theology's role in ancient Judaism early Christianity and Gnosticism The final chapters of the volume are devoted to the appropriation of apocalypticism in the modern world reviewing the role of apocalypticism in contemporary Judaism and Christianity and more broadly in popular culture addressing the increasingly studied relation between apocalypticism and violence and discussing the relationship between apocalypticism and trauma which speaks to the underlying causes of the popularity of apocalyptic beliefs This volume will further the understanding of a vital religious phenomenon too often dismissed as alien and irrational by secular western society

An Analysis of T.S. Eliot's The Sacred Wood Rachel Teubner, 2017-07-05 The essay for which *The Sacred Wood* is primarily remembered is one of the most famous pieces of criticism in English Tradition and the Individual Talent helped to

re orientate arguments about the study of literature and its production by redefining the nature of tradition and the artist's relation to it. At a time when the word traditional had become a way of damning with faint praise by reference to the past, Eliot reinterpreted the term to mean something entirely different. It is not, he argues, something just handed down but instead a prize to be obtained by great labour, not least in the making of a huge effort of understanding how the past fits together. Seen thus, Eliot suggests a literary and artistic tradition has a simultaneous existence and composes a simultaneous order and it is not just past but present as well. For Eliot, art never improves but only changes and each part of the tradition is constantly being reinterpreted in light of what is added to the whole. The role of the poet in Eliot's view is to subjugate their own personality and become a receptacle in which numberless feelings, phrases, images can unite to form a new compound. Redefining the issue of poets' relations to the past in this new way is a fine example of creative thinking and Eliot's ability to connect existing concepts in new ways was what gave weight to the argument that he advanced: that poets cannot succeed without understanding that they are taking their place on a continuum that stretches back to all their predecessors and incorporate the ideas, strengths and failings of the entire body of work that those poets represented.

Literary Geography

Sheila Hones, 2022-05-10. Literary Geography provides an introduction to work in the field, making the interdisciplinary accessible and visible to students and academics working in literary studies and human geography as well as related fields such as the geohumanities, place writing and geopoetics. Emphasising the long tradition of work with literary texts in human geography, this volume provides an overview of literary geography as an interdisciplinary which combines aims and methods from human geography and literary studies, explains how and why literary geography differs from spatially oriented critical approaches in literary studies, reviews geographical work with literary texts from the late 19th century to the present day, includes a glossary of key terms and concepts employed in contemporary literary geography. Accessible and clear, this comprehensive overview is an essential guide for anyone interested in learning more about the history, current activity and future of work in the interdisciplinary of literary geography.

The Cambridge History of Literary Criticism: Volume 8, From Formalism to Poststructuralism

George Alexander Kennedy, Raman Selden, 1989. Volume 8 of The Cambridge History of Literary Criticism deals with the most influential and hotly debated areas of literary theory, those developing in Europe but having their main impact in the Anglo-American world of academic literary studies, whose course they have fundamentally redirected: The structuralism, poststructuralism, Russian formalism, semiotics, narratology, hermeneutics, phenomenology, reception theory and speech act theory associated with European writers including Barthes, Todorov, Derrida and Iser are here described in the context of their original development but with an eye also to their eventual influence and the volume includes a reflective chapter by Richard Rorty on deconstruction. Incorporating full bibliographies, this volume engages systematically with the history of the twentieth century's most profound and extensive set of cross-cultural intellectual movements.
