Of all the questions in life that face man, the one we never seem able to answer is: What do women want? Likewise, women wonder about men: why are men never fully satisfied, and why do they want more or just different things? This book assumes that it is still inherently a man's world. It starts by emphasizing the irrefutable value of women before addressing some of our most common assumptions, problems, and misconceptions about each other. As boys are drawn to their mothers and daughters are drawn to their fathers, the book also draws an obvious link between how we are treated as children and the resulting outcome as adults. Most of all, this book attempts to suggest approaches that will help solve these issues if both parties honestly seek resolutions. *Everything She Wants and Everything He Can Give* opens doors, but only if we open ourselves to the answers. Biokrobo S. Wokoma is an English teacher and a business communication trainer. He holds a BA in mass communications. Born in Lagos, Nigeria, he traveled to Equatorial Guinea, Spain, and England before moving to Monrovia, Liberia, at the dawn of the Liberian civil war in 1990. He spent the next 14 years residing in Port Harcourt, Nigeria, and six years in a boot camp-like boarding school in a town called Ikom, where he learned to survive under extreme conditions. I have since 2004 traveled and lived in the United States, U.A.E., Malaysia, and Mexico, making hundreds of friends and sharing experiences. I currently reside in Mexico City. women will probably read it too Women are so smart they want to know whatever they can about themselves But this piece is written in a simple and easy format No big words It is my hope that this book helps a man to better be able to know what his woman wants By him knowing what his woman wants he can provide it for her or at least understand why she wants it
