**Civil Society and the Party-state in Zimbabwe** Zenzo Moyo,2024-08-21 The book utilises Gramsci s concepts of hegemony counter hegemony organic intellectuals and integral state to interrogate how modes of engagement between the state and civil society have contributed to a polarised polity in Zimbabwe and in turn how this has impacted democratisation processes This was achieved by analysing intra civil society interactions and state civil society relations which established deep polarised relationships that can be traced back to the liberation struggle It also interrogates ideologies that drive these polarised relations and how together with material benefits from donors and the party state these relations impact ordinary people s modes of existence One of the arguments that emerge from the book is that political polarisation in Zimbabwe has now morphed into an established political culture that has played a huge role in the retardation of democratic struggles It uses ideas of entangled modernities and travelling theory to cast doubt on the belief that civil society is the missing key in the democratisation of developing countries

Reconciliation and Religio-political Non-conformism in Zimbabwe Joram Tarusarira,2016-05-20 Religio political organisations in Zimbabwe play an important role in advocating democratisation and reconciliation against acquiescent silenced or co opted mainstream churches Reconciliation and Religio political Non conformism in Zimbabwe analyses activities of religious organisations that deviate from the position of mainline churches and the political elites with regard to religious participation in political matters against a background of political conflict and violence Drawing on detailed case studies of the Zimbabwe Christian Alliance ZCA Churches in Manicaland CiM and Grace to Heal GtH this book provocatively argues that in the face of an unsatisfactory religious and political culture religio political non conformists emerge seeking to introduce a new ethos even in the face of

negative sanctions from dominant religious and political systems Zimbabwe's Trajectory V. Masunungure,2020-11-11 At Independence in 1980 Julius Nyerere called Zimbabwe the jewel of Africa and cautioned its new leaders not to tarnish it Tragically they paid no heed to Africa's esteemed elder statesmen Arguably and only if one ignores the carnage of Gukurahundi the first decade was a developmental one with resources being used prudently to benefit the formerly disadvantaged majority population However the 1990s witnessed a transition from a developmental to a predatory leadership which saw Zimbabwe cross the millennial line in crisis where it has remained ever since While many African countries have moved forward over the last three decades Zimbabwe has gone relentlessly backwards save for the four year interregnum of the tripartite coalition government 2009-2013 Virtually all development indicators point in the wrong direction and the crisis of poverty unemployment and the erosion of health education and other public goods continues unabated The imperatives of political survival and power politics supersede those of sound economics and public welfare Moreover unless good politics are conjoined with a sound people first policy the country will continue sliding downhill Zimbabwe's Trajectory tells the story of the country's post independence dynamics and its recent descent into becoming one of the three most unhappy countries in the world The Protocol to the African Charter on Human and Peoples' Rights on the Rights of Women in Africa: a commentary Celestine Nyamu Musembi, Trésor Muhindo Makunya,2023-08-28

*The Politics of the Right* Leo Panitch, Greg Albo,2015-12-22 Today the Left faces new challenges from political forces amassing on the radical right The 52nd volume of the Socialist Register presents a serious calibration and a careful political mapping of these forces It addresses pivotal questions on the reordering of the new right These essays very broad in terms of themes and places speak to the global challenges the new right poses for the left at this historical moment What is the nature of the right's populism nationalism and militarism What is the social base and organizational strength and range of far right political forces To what extent are they influencing mainstream parties and opinion How have they penetrated state institutions What role do state security services and police forces play Does our political situation today require comparison with 1930s Fascism How should the left respond to defend democratic and human rights Multiparty Democracy in Zimbabwe Aaron Rwodzi,2024-03-26 This book provides a comprehensive account of the tumultuous political landscape of

Zimbabwe Delving into historical and contemporary perspectives the author analyses the relationship between the ruling ZANU PF party and the opposition exposing the pervasive influence of foreign powers and their regime change agendas Amidst western imposed economic sanctions the book examines how political opposition has struggled to maintain its footing in the face of ZANU PF s rhetoric on preserving the nation s sovereignty Drawing on the powerful theoretical frameworks of Gramsci s hegemony theory and instrumentalism the book dissects the constraints on multiparty democracy under ZANU PF s rule From the party s manipulation of liberation narratives to the subtle intricacies of Mugabeism a violent and ideological stronghold the author unveils the tactics employed to maintain power The chapters uncover the pivotal role played by the military throughout Zimbabwe s history from the days of the liberation struggle to the shocking events of 2017 when Mugabe s grip on power was diminished by the very force that had propped him up for decades the author reveals how the military s involvement has thwarted opposition players attempts to claim power Boldly challenging the notion that constraints solely rest on ZANU PF this book calls attention to the shortcomings of opposition parties in navigating Zimbabwe s treacherous political landscape Using compelling evidence and unparalleled analysis the book is an essential read for those seeking to understand the intricate web of power manipulation and struggle that has defined Zimbabwe s political journey
