

INTRODUCTION TO STUDENT GROWTH OBJECTIVES

All teachers will set Student Growth Objectives (SGOs):

- SGOs are long term, specific, and measureable academic goals based on growth and achievement for groups of students.
- Establishing an SGO is a collaborative process between teacher and supervisor with the principal having final decision.
- SGOs may be based on appropriate national, state, or LEA-developed assessments, including rubric-measured portfolios.
- In 2013-14 teachers with an SGP score will set a minimum of 1 SGO.
- In 2013-14 teachers without an SGP score will set 2 SGOs.

Open Architecture Curricular Design in World Language Education Andrew R. Corin,Betty Lou Leaver,Christine M. Campbell,2025 A guide to a textbook free approach to world languages curriculums that will improve learning outcomes Open architecture curricular design OACD is a textbook free curricular design framework for teaching and learning world languages that integrates all the best practices in world language education to enhance learning efficiency and effectiveness As editors and pioneers of this method Corin Leaver and Campbell define OACD for world language instructors and second language acquisition researchers from middle school through higher education and beyond

The book's chapters demonstrate how to use OACD for a wide variety of languages and proficiency levels in government service academy and university programs. Topics covered include the use of authentic texts at all levels, learner involvement in the selection of content and activities, and methods of assessment and program evaluation. The Beliefs and Experiences of World Language Teachers in the US Pamela M. Wesely, 2024-06-11. This book tells the stories of 15 world language WL teachers in the United States at elementary and secondary levels through rich descriptions of their lived worlds and experiences. In-depth interviews, extensive observations, learner interviews, and document and environment analysis illustrate in detail how teacher beliefs relate to their practices and are mediated and moderated by their learners' institutional demands, equity, and access to WL education and other factors. The chapters provide a deep and robust explanation of individual teachers' teaching lives and a cross-contextual comparison of their experiences, shining a light on the realities and demands of modern US schools. Grounded in the research literature on language teacher beliefs and cognition, this book takes the stance that all teaching is situated and contextual and that addressing teachers' methods, practices, and knowledges in ways that are divorced from their setting and environment has serious limitations. It offers fascinating insights for researchers, language educators, and pre- and in-service teachers with reflection questions at the end of each chapter to guide readers in drawing connections with their own practice interests and contexts. *Language Program Vitality in the United States* Emily Heidrich Uebel, Felix A. Kronenberg, Scott Sterling, 2023-11-09. The perception of a permanent enrollment crisis in US postsecondary foreign language education has shaped our profession's image for an entire generation of educators. Over the past 30 years, this crisis rarely invited self-examination or inspired creativity. Instead, it was routinely attributed to external factors: shrinking budgets, unsympathetic administrators, disengaged students. This volume is refreshingly optimistic. After providing a nuanced picture of the complex enrollment situation and focusing on perceptions of language education among undergraduate students, the volume features an inspiring panorama of successful models that revitalized language programs at a wide range of institutions. The diversity of approaches to post-secondary language education in the United States featured in this volume highlights that there are no simple one-size-fits-all solutions. To be transformational, initiatives need to be intimately calibrated to the evolving needs and desires of our institutions' most important stakeholder: the student.
