The Secret Files: Bill De Blasio, The NYPD, and the Broken Promises of Police Reform Micheal Hayes, 2025-05-13
An unprecedented breakdown of the NYPD's powerful network of police unions, pro police lawyers and top brass who work relentlessly to shield police officers from any real accountability. For readers of long form hard hitting journalistic exposés like *We Own This City* a compelling look at how we do and don't hold police responsible in America by an award winning progressive reporter covering the NYPD police beat. In 2018 reporter Michael Hayes uncovered a major story about how the NYPD was not only turning a blind eye to police misconduct but also allowing hundreds of officers with severe misconduct charges to remain on the force. In the aftermath of that story then Mayor Bill de Blasio attempted to reform the department only to abandon his plans. While de Blasio may have suffered a political setback it's New Yorkers who are the true victims of this failure to deliver accountability and transparency. The state has a law that specifically prevents the public from learning about concealed police records. New Yorkers are increasingly distrustful of the police after witnessing their loved ones being targeted, brutalized and murdered with near impunity. Hayes takes readers inside decades of police corruption and controversial laws chronicling the stories of the families and activists who have had enough. He makes a compelling case for the limits of reform in the aftermath of the major Black Lives Matter rallies following the murder of George Floyd and growing calls to defund the police.

The Police Manager Egan K. Green, Ronald G. Lynch, Scott R. Lynch, 2024-01-22
The *Police Manager* provides a roadmap for the challenges that police administrators face in their day to day duties including considerations for dealing with subordinate officers and for interacting with the public. Covering a wide range of topics from fiscal management to use of force policies this text prepares readers for the tasks that police managers are confronted with. Readers benefit by gaining a thorough understanding of the complexities involved in an occupation that creates demands from the public, from public officials and from other police officers. The book delivers information on these issues with chapters dedicated to leadership styles and planning for leadership loss as well as civil liability considerations. New material in this edition covers specific challenges for small and underexamined police agencies such as university police departments. The *Police Manager* is an ideal textbook for college students hoping to work in police administration in the future and is useful for current police managers who know that their jobs require a constant influx of ideas for overcoming new challenges.

Policing and Minority Communities James F. Albrecht, Garth den Heyer, Perry Stanislas, 2019-07-31
This insightful book examines the allegations against the professionalism, transparency and integrity of law enforcement toward minority groups from a global perspective. It addresses the challenges inherent in maintaining strong ties with members of the community and draws attention to obstacles in ensuring public confidence and trust in rule of law institutions. Most importantly the book provides insight into mechanisms and proposals for policy reform that would permit enhanced police community partnership, collaboration and mutual respect. Acknowledging the consistency of this concern despite geographic location, ethnic diversity

and religious tolerance this book considers controversial factors that have caused many groups and individuals to question their relationship with law enforcement The book examines the context of police community relations with contributed research from Nigeria South Africa Kosovo Turkey New Zealand Mexico Scandinavia and other North American and European viewpoints It evaluates the roles that critical factors such as ethnicity political instability conflict colonization mental health police practice religion critical criminology socialism and many other important aspects and concepts have played on perceptions of policing and rule of law A valuable resource for law enforcement practitioners and researchers policy makers and students of criminal justice Policing and Minority Communities Contemporary Issues and Global Perspectives confronts crucial challenges and controversies in policing today with quantitative and qualitative research and practical policy recommendations

The Detective's Handbook John A. Eterno, 2017-08-09 The Detective's Handbook details the vital information law enforcement officers need to know to become better detectives Since all essential aspects of detective work cannot be covered in a single volume the editors have selected 20 of the most critical issues detectives face in their day to day work and present them in separate chapters Using a

Law Enforcement in the Age of Black Lives Matter Dwayne A. Mack, Sandra E. Weissinger, 2017-12-29 There is a reason why people claim great respect for officers of the law the job by description is hard if not deadly It takes a certain kind of person to accept the consequences of the job seeing the very worst situations on a regular basis and knowing that one's life is on the line every hour of every day Working in law enforcement is emotionally and psychologically draining It affects these public servants both on and off the job Said plainly shaking an officer's hand when you see them or posting a sign in the front yard that reads Support the Badge is lip service Even going as far as to donate money to a crowdsourcing fundraising site does little to support the long term professional development needs of officers These are surface level signs of solidarity and do little in terms of showing respect for the job and those who do it For those who want to do more this text provides reasons and a rationale for doing better by

these public servants Showing respect does not mean that one agrees with whatever another person or institution claims to be the right way Showing respect and admiration means that we charge individuals to live up to their fullest potentials and integrate innovation wherever possible In the case of policing in the era of Black Lives Matters policing as usual simply is not an option any longer It is disrespectful to both the officers and those who are being policed to rest on the laurels of past policing tactics As we enter a time period in which police interactions are recorded dash cams or body cams for example and new populations are being targeted Latinx people there is much to learn about what is working and what is not
