The SAGE Encyclopedia of Alcohol Scott C. Martin, 2014-12-16 Alcohol consumption goes to the very roots of nearly all human societies Different countries and regions have become associated with different sorts of alcohol for instance the beer culture of Germany the wine culture of France Japan and saki Russia and vodka the Caribbean and rum or the moonshine culture of

Appalachia Wine is used in religious rituals and toasts are used to seal business deals or to celebrate marriages and state dinners. However, our relation with alcohol is one of love and hate. We also regulate it and tax it; we pass laws about when and where it's appropriate; we crack down severely on drunk driving, and the United States and other countries tried the failed Noble Experiment of Prohibition. While there are many encyclopedias on alcohol, nearly all approach it as a substance of abuse, taking a clinical medical perspective: alcohol, alcoholism, and treatment. The SAGE Encyclopedia of Alcohol examines the history of alcohol worldwide and goes beyond the historical lens to examine alcohol as a cultural and social phenomenon as well, both for good and for ill, from the earliest days of humankind.

Gonzo Girl Cheryl Della Pietra, 2017-07-13. Raucous, page-turning, head-spinning and side-splitting. Gonzo Girl will suck you in and take you on a ride. Piper Kerman, author of *Orange Is the New Black*. Alley Russo is a recent college grad desperately trying to make it in the grueling world of New York publishing, but like so many who have come before her, she has no connections and has settled for an unpaid magazine internship while slinging drinks on Bleecker Street just to make ends meet. That's when she hears the infamous Walker Reade is looking for an assistant to replace the eight others who have recently quit *Hungry* for a chance to get her manuscript onto the desk of an experienced editor. Alley jumps at the opportunity to help Reade finish his latest novel. After surviving an absurd three-day trial period involving a 44 magnum purple pyramid acid, violent verbal outbursts, brushes with fame and the law, a bevy of peacocks, and a whole lot of cocaine, Alley is invited to stay at the compound where Reade works. For months, Alley attempts to coax the novel out of Walker, page by page, all while battling his endless procrastination, vampiric schedule, Herculean substance abuse, mounting debt, and casual gunplay. But as the job begins to take a toll on her psyche, Alley realizes she's alone in the Colorado Rockies at the mercy of a drug-addicted literary icon who may never produce another novel, and her fate may already be sealed.
