Marion Leathers Kuntz, Paul Grimley Kuntz, 1987 *The Great Chain of Being* has been recognized for fifty years as the masterpiece of the History of Ideas movement in America. Lovejoy's work stimulated deeper research into our heritage which has demonstrated that the idea of the chain of being has not lost its vitality. However, Lovejoy would probably be surprised that hierarchy is now defended in philosophy of science, in ontology and metaphysics, in ethics and aesthetics, and in philosophical anthropology. This volume presents concepts of hierarchy and the great chain of being from Plato, Aristotle, Plotinus, medieval and Renaissance thinkers, Hindu philosophy, and authors of the twentieth century. This volume represents the ideas of twenty scholars among whom are Dominic O'Meara, Ronald Hathaway, Ewert Cousins, John Sommerfeldt, Lewis Ford, David Blumenthal, and Marion and Paul Kuntz. The editors have compiled a bibliography of four hundred and fifty items and an index of names, places, and concepts which allow the reader immediate access to the variety as well as the unity of ideas.

**Scars and Wounds** Nick Hodgkin, Amit Thakkar, 2017-06-14 This book examines recent cinematic representations of the traumatic legacies of national and international events and processes. Whilst not ignoring European and Hollywood cinema, it includes studies of films about countries which have been less well represented in cinematic trauma studies, including Australia, Rwanda, Chile, and Iran. Each essay establishes national and international contexts that are relevant to the films considered. All essays also deal with form, whether this means the use of specific techniques to represent certain aspects of trauma or challenges to certain genre conventions to make them more adaptable to the traumatic legacies addressed by directors. The editors argue that the healing processes associated with such legacies can helpfully be studied through the idiom of scar formation rather than event-centred wound creation.

*Secrets of the Kabbalah - Book 2* Zayra Linnek, 2025-09-06 *Secrets of the Kabbalah Book 2: The Practice of the Hermetic Tradition*. In *Secrets of the Kabbalah Book 2: The Practice of the Hermetic Tradition*, Zayra Linnek leads the reader on a transformative journey that unites theory and practice in Hermetic Kabbalah. This work offers exercises, rituals, and detailed techniques designed to awaken inner clarity, spiritual protection, and the expansion of consciousness. Through chapters that explore subjects ranging from the Tree of Life and ceremonial magic to inner alchemy and astral projection, the book serves as an accessible guide for both beginners and seasoned seekers. By integrating symbols, archetypes, and ancestral tools such as Tarot and astrology, this work invites the reader to recognise the sacred order of the universe within themselves and to transform esoteric knowledge into lived practice. *Secrets of the Kabbalah Book 2* presents itself both as a book on Hermetic Kabbalah and a book on Ceremonial Magic, guiding the reader through the practice of the Tree of Life and the symbolic correspondences that structure the esoteric tradition. It is also a book on Inner Alchemy and Astral Projection, offering techniques that broaden the perception of reality. With clear instructions, it functions as a book of Protection Rituals and a book on Esoteric Meditation, integrating symbols, archetypes, and devotional practices. Additionally, the volume brings applications as a book of Tarot and Kabbalah and a book of Hermetic Astrology, enabling the seeker to employ ancestral tools in both their spiritual and daily life.
