Too Much Tuscan Sun Confessions Of A Chianti Tour Guide:

Too Much Tuscan Sun Dario Castagno, Robert Rodi, 2004-09-01 Over the past several years the American in Tuscany has become a literary subgenre Launched by the phenomenal success of Frances Mayes's *Under the Tuscan Sun* bookstores now burgeon with nimble witty accounts of this clash in cultures Americans trying to do American things in Italy and bumping against a brick wall of tradition *Too Much Tuscan Sun* is Dario's a Tuscan guide whose client base is predominantly American account of some of his more remarkable customers from the obsessive and the oblivious to the downright lunatic *Day in Tuscany* Dario Castagno, Robert Rodi, 2007-06-01 This second book from Dario Castagno is a delightfully honest mix of memoirs from life in the hills of Tuscany's legendary Chianti region Set on the day the author arrived home after a three month tour of the United States promoting his first book *A Day in Tuscany* compels readers to experience this enchanted corner of Italy through the heart and mind of a true Tuscan As Castagno sees his beloved hills with fresh eyes and reacquaints himself with the rhythms of home a flood of recollections of its people and places come to him Through his engaging narrative we are transported as well The sights he sees and people he meets as he takes a one mile walk through his village during the course of this noteworthy day trigger memories of his childhood and adolescence in Tuscany during the seventies his experiences as a tour guide in Chianti and some of the more remarkable people he has known In addition to stories from his own past included are oral histories from several village elders History and the present mingle in this part of the world and these stories bring both alive Sometimes funny often poignant *A Day in Tuscany* weaves a magical spell and offers a candid insider's look at the people and culture of a fascinating land **Tuscany and Umbria** Emma Jones, 2004-04-01 This history rich region offers some of Italy's classic landscapes pole straight cypress trees lining dusty farm roads rolling hills that stretch as far as the eye can see fields of vibrant sunflowers medieval villages perched on rocky spurs above crashing surf Visit them all with this comprehensive guide that helps you explore the very best places A largely untouched coastline and protected wild areas only add to the appeal of this top vacation destination Regional chapters take you on an introductory tour with stops at museums historic sites and local attractions Places to stay and eat transportation to from and around your destination practical concerns tourism contacts it's all here! patience especially under the blistering summer heat Fortunately early evening offers a respite the quieter streets and softer lighting at that time bring out the colors of the marble clad cathedral topped by Filippo Brunelleschi's archetypal dome the sheer immensity of the Palazzo Vecchio and the charm of the medieval Ponte Vecchio with its shops latched shut for the night But avoiding the lines when you enter the buildings and museums takes some preparation especially if you arrive in the busiest and hottest summer months when the only option is to drag yourself out of bed at sunrise to beat the crowds to the 8 15 am openings Not to be missed Piazza del Duomo Famous address of the Duomo Campanile and Battistero Galleria degli Uffizi The most select picture gallery in the world and potent symbol of Medici power Palazzo Vecchio Medieval town hall architecture at its most forceful Galleria dell'Accademia Home to Michelangelo's David Via dei Tornabuoni Even if you can't afford to buy you'll enjoy the window shopping on this luxury laden street Piazza Repubblica The 19th century makes its mark Museo Nazionale del Bargello Florence's national sculpture museum Giardino di Boboli Sculpture packed gardens behind the museum packed Palazzo Pitti The Oltrarno A warren of narrow streets filled with artisan workshops and some great restaurants Piazzale Michelangelo The classic Florentine view The churches Santa Maria Novella San Lorenzo Orsanmichele Santa Croce Santo Spirito and San Miniato al Monte are just some of the delights on offer The markets Shopping the Florentine way Ponte Vecchio Medieval bridge architecture at its most splendid Le Murate Atmospheric ex convent and ex prison now the venue for Firenze Estate events This guide focuses on Florence and the surrounding region including San Gimignano Chianti Mugello Upper Valdarno Val d'Elsa Fiesole Pistoia and Prato all easily reached in day trips This history rich region offers some of Italy's classic landscapes pole straight cypress trees lining dusty farm roads rolling hills that stretch as far as the eye can see fields of vibrant sunflowers medieval villages perched on rocky spurs above crashing surf Visit them all with this comprehensive guide that helps you explore the very best places A largely untouched coastline and protected wild areas only add to the appeal of this top vacation destination Regional chapters take you on an introductory tour with stops at museums historic sites and local attractions Places to stay and eat transportation to from and around your destination practical concerns tourism contacts it's all here! Tuscan Spaces Silvia M. Ross, 2010-05-01 An important locus for English speaking writers the region of Tuscany is also well represented in the Italian literary canon In Tuscan Spaces Silvia Ross focuses on constructions of Tuscany in twentieth century Italian literature and juxtaposes them with English prose works by such authors as E. M. Forster and Frances Mayes to expose the complexity of literary representation centred on a single milieu Ross uses the works of writers such as Federigo Tozzi Aldo Palazzeschi Vasco Pratolini and Elena Gianini

Belotti to seek out alternative visions of Tuscan space and emphasizes that each author fashions the region in a manner which reflects their personal poetics background and experiences Theories of cultural geography space travel and narrative contribute to Ross's consideration of the dualisms commonly employed in writings about Tuscany such as country city nature culture female male and self other all of which are in turn affected by her interrogation of the local foreign opposition that underlies the study as a whole

Turkey Travel Adventures Samantha Lafferty, 2011-12-01 If like me you are a bit tired of the ethnocentric social commentary that seems to come with certain well known guidebooks then you could do worse than try this one Simple to use well written and accurate I found it invaluable and couldn't fault any of its recommendations nor descriptions Yurt Amazon reviewer Turkey is so diverse it could almost be described as a continent rather than a country In the west mountains and pine forests frame a staggeringly beautiful coastline The central steppe has the peculiar rock churches and underground cities of Cappadocia and the cosmopolitan capital of Ankara In the east there are biblical rivers a fabled mountain and haunting cities and palaces Then there is the magnetism of Istanbul Turkey's location straddles Asia and Europe The three great Empires that ruled the country for thousands of years left a legacy of enchanting cultures and more ancient sites than even Italy or Greece can boast Major areas dealt with in the guide include Istanbul Thrace and Marmara the Aegean Coast the Mediterranean Coast Central Anatolia Cappadocia the Black Sea Coast Covered in detail for each area are where to stay where to eat shopping sightseeing and adventures both cultural and physical from walking in the footsteps of St Paul to joining in the local festivals from yoga and Turkish baths to art classes and cooking courses This guide combines in depth text information with color maps photos on almost every page Existing guides are largely text only or mostly graphics and lacking the practical details travelers need Photos and maps throughout Print edition is 688 pages

Hidden Histories D. Medina Lasansky, 2018-01-10 Tuscany is a landscape whose cultural construction is complicated and multi layered It is this very complexity that this book seeks to untangle By revealing hidden histories we learn how food landscape and architecture are intertwined as well as the extent to which Italian design and contemporary consumption patterns form a legacy that draws upon the Romantic longings of a century before In the process this book reveals the extent to which Tuscany has been constructed by Anglos and what has been distorted idealized and even overlooked in the process
