differ widely across these national contexts but also have global geopolitical consequences. It is built around a novel theoretical argument showing that Catholic geopolitics contains not only a spatial dimension as classic geopolitical studies would have it but also a temporal one. As a consequence, the Catholic role in the world cannot be simply understood as a result of the spatial expansion of the Church but rather as a result of the complex relationships between Catholicism and colonization, inculturation, backwardness, and modernization. To counter the lingering Eurocentrism of most studies of the Catholic Church, this book's case studies explore Catholic geopolitics in five non-European contexts focusing mainly on the Global South plus the United States: Latin America (Brazil), North America (the United States), Asia (India), and Africa (the Democratic Republic of the Congo). These case studies also show that the successes and failures of Catholicism cannot be explained by a recourse to a single top-down interpretation of Catholic geopolitics but rather by exploring the various Catholic spatio-temporal constellations on the global, regional, and local levels. With the accelerating diversification of the Church and the growing role of the Global South, these local and regional influences gain further importance as they are likely to increasingly define the future of Catholicism. This book will be of utmost interest to scholars of International Relations, Religious Studies, Political Science, and Theology, as well as Geopolitics, especially to those studying the global rise of religion. Its accessible language will also appeal to the wider public beyond academia, especially those interested in global Christianity, as well as church leaders and members of Catholic organizations.

Priests' Perceptions of the Leadership Styles of U.S. Catholic Bishops Father Aloysius O. Ndeanaefo, 2018-10-19. Catholic priests in the U.S. and around the world are usually silent in discussing their superiors' leadership relating to the child sexual abuse scandal. This nonfiction book, *Priests' Perceptions of the Leadership Styles of U.S. Catholic Bishops*, is a representation of rare but unique perspectives of the U.S. Catholic priests' opinions of the bishops' leadership styles in handling the child sexual abuse scandal. No other author has ever asked the question of the U.S. Catholic bishops' leadership styles relating to the child sexual abuse scandal. The child sexual abuse scandal's quagmire in the Catholic Church constitutes the question of leadership that the author examined in this book from the perspectives of transformational, transactional, charismatic, and servant leadership styles. The author, Fr. Dr. Aloysius Ndeanaefo, traveled to the various areas within a Midwestern diocese interviewing priests as a way of gaining a deeper understanding of their opinions. Catholic leadership around the world needs to use the findings in this book.

Modern Catholic Social Teaching Kenneth R. Himes, OFM, 2005-08-10 With an equal emphasis on every word in the title and with a distinctly American perspective Himes and his distinguished associate editors and contributors have assembled the most thorough and authoritative assessment of modern Roman Catholic social teaching to date likely to remain the touchstone volume for decades. In addition to interrogations of the major documents this volume provides an understanding of the biblical and philosophical foundations of Catholic social teaching addresses the doctrinal issues that arise in such a context and explores the social thought leading up to the modern era generally accepted as beginning in 1891 with the publication of Pope Leo XIII's *Rerum Novarum*. Finally there is a review of how Catholic social teaching has been received in the United States and an informed look at the shortcomings and questions that future generations must address. By any standard *Modern Catholic Social Teaching* is a remarkable work intellectually rigorous and deeply faithful it provides accessible and thought provoking insights into the heart of a belief tradition that every Catholic will find invaluable

Now is the Appointed Time Carmen J. Calvanese, 2019-03-06 The necessity for meaningful change and reform in the Roman Catholic Church is not just the opinion of the few but a consensus of the many. It is no secret many Catholics today are discontent with the leadership of the church. The once bastion of the faithful are steadily drifting away from Catholicism some for personal reasons but the majority of Catholics that have moved on to other denominations or none at all are those who have become disillusioned and disenchanted by the controlling forces of leadership. That is the hierarchy that has failed to modernize the church by bringing its practices and ways of being church into the twenty first century especially the leadership that has insufficiently addressed the causes and remedies of the scandalous abuses of pedophile priests. It appears by most accounts that the leadership of the church has not been able to

recognize the signs of the times It is rather obvious we live in a troubled world acculturated by sex greed violence and power
These self destructive futilities grow from the seeds of obsession in the existence of the many Therefore reforms are
absolutely essential to ensure that Catholicism has a future in the world Music and the Mass David Haas,2013
