Thank God They're on Our Side David F. Schmitz, 2009-09-15 Despite its avowed commitment to liberalism and democracy internationally the United States has frequently chosen to back repressive or authoritarian regimes in parts of the world In this comprehensive examination of American support of right wing dictatorships David Schmitz challenges the contention that the democratic impulse has consistently motivated U S foreign policy Compelled by a persistent concern for order and influenced by a paternalistic racism that characterized non Western peoples as vulnerable to radical ideas U S policymakers viewed authoritarian regimes as the only vehicles for maintaining political stability and encouraging economic growth in nations such as Nicaragua and Iran Schmitz argues Expediency overcame ideology he says and the United States gained useful albeit brutal and corrupt allies who supported American policies and provided a favorable atmosphere for U S trade But such policy was not without its critics and did not remain static Schmitz notes Instead its influence waxed and waned over the course of five decades until the U S interventions in Vietnam marked its culmination

obedience and faithfulness David R Barnhart pastor evangelist and prophecy teacher For the past twenty four years he has served as the director of Abiding Word Ministries an organization that promotes revival and reformation in the churches of America The author has devoted his life to calling Christians back to the foundational truths of Scripture
