Race Relations The New York Times Editorial Staff, 2018-07-15 Perhaps no topic reflects changing societal attitudes in the United States quite like race relations. This book compiles articles published by The New York Times through the twentieth and twenty-first centuries reflecting changing attitudes toward race relations. Coverage includes articles published during the Civil Rights Movement, reflections on police brutality and disproportionate incarceration rates of racial minorities, and pieces on triumphant moments such as the election of Barack Obama. Readers will encounter the nuances of public attitudes toward race and how they've shifted with time and have a way to go yet. *Pope Francis* The New York Times Editorial Staff, 2018-12-15 Pope Francis was elected after the first papal resignation in nearly six centuries. Francis inherited a Church in crisis: sex abuse scandals, Vatican disorder, and a diminishing Catholic flock in a changing world. The first Latin American pope, Pope Francis has brought social justice commitments to Church reform and to international affairs. His efforts have drawn simultaneous acclaim and controversy as he has attempted to balance major changes with the fundamental teachings of the Catholic Church. Media Literacy Terms and Questions are also featured in this unique collection of coverage centering around one of the world's prominent religious leaders.

The Gender Pay Gap The New York Times Editorial Staff, 2018-12-15 Despite increasing awareness, the gender pay gap has yet to close. In 2018, women still earned about eighty cents for every dollar men did, and that number changes when factoring in a woman's education level, profession, and ethnicity. These articles explore the discussion surrounding the gender pay gap and highlight how our understanding of it has evolved in the past decade. Beginning with Obama's signing of the Lilly Ledbetter Fair Pay Act in his first weeks as president and leading to some of the complicated economics of paid family leave, these articles explore the factors that create a gender pay gap and point to possible solutions.

This collection of articles compiles The New York Times's coverage of three of the best-known couples in modern history: Harry and Meghan, William and Kate, and Charles and Diana. Through these pieces, readers can witness firsthand the most publicized moments of each couple's story, including engagements, weddings, childbirth, and in the case of Charles and Diana, a quite public divorce. Furthermore, articles on Diana's untimely tragic death and Meghan Markle's activism and career as an actor make this an essential guide to the royal family's affairs.

Fake News The New York Times Editorial Staff, 2018-07-15 Fake news has become such a common refrain on TV and Twitter as well as the topic of major criminal investigations, but many still have a hard time distinguishing between fake news and legitimate reporting. Furthermore, many fail to grasp the extent of the role that data research centers and foreign governments play in the propagation of inaccurate sensational stories. In this book, readers will learn about fake news: how it gets made, how it affects the public, how governments and special interest groups use fake news to push specific agendas, and how fake news alongside social media is reshaping politics and society.
