Inclusive College Classrooms Lauren S. Cardon, Anne-Marie Womack, 2022-12-27 Inclusive College Classrooms provides instructors with research based practices and tools to create an effective and inclusive classroom environment Filling a visible gap in pedagogical training this important book responds to current barriers to inclusion in higher education by helping instructors improve the methods they are already using and identify new methods that could enhance their courses The inclusive approach in this book is informed by critical pedagogy universal design for learning and intersectional social justice pedagogies The authors identify practices in education that exclude historically marginalized groups and outline teaching strategies that can create more inclusive classrooms where all students can feel heard and represented This timely volume is packed full of hundreds of example lessons from across a range of disciplines tips for moving classes online questions to generate dialogue about various methods and appendices on lesson planning With this book in hand instructors can continually adapt and revise their pedagogy to be more inclusive and effective

*Mobile-Mindful Teaching and Learning* Christina Moore, 2023-07-03 This book provides faculty and instructors with an introductory guide to integrating mobile learning in their courses Recognizing that a smartphone is the first and main piece of technology anyone owns with ownership exceeding 95% for those aged 18-29 with a sizable minority of these being smartphone dependent and that instructors are relying on technology for teaching and learning more than ever this book addresses the imperative that course materials and interactions be increasingly available through the technology that students use most often Dispelling the notion that mobile learning is for the tech savvy and adventurous mobile mindful teaching offers teachers a way to take a few steps at a time share options with students and progressively develop ideas and practices The book invites you to explore your own way into mobile learning Christina Moore stresses two principles as you

engage with mobile learning intention and fluidity This begins with mindfully implementing mobile learning opportunities so that students see the usefulness of learning via phone and recognizing the fluid learning environments in which students learn so you can offer online modalities and functions appropriate to purpose and situations The book opens with a start with self section on How to Be a Mobile Mindful Learner offering ideas on exploring the almost infinite available online resources in your discipline to curate a rich and ever expanding compilation of ideas for use in your scholarly work and teaching and identifying different types of learning digital reading audio and visual learning and social learning across multiple devices and contexts to consider as you develop your course The section Toward Mobile Mindful Teaching explores ways to add mobile options to existing learning materials and how they and the LMS functions you use are rendered on a phone by taking a mobile test drive through your course Christina Moore shows how by building up your mobile learning skills to be a more productive scholar and developing habits that feed your curiosity and creativity you can start planning how you can create fluid learning opportunities for your students they can access across devices time and space and take advantage of found moments of time and informal spaces

**Doing Youth Participatory Action Research** Nicole Mirra, Antero Garcia, Ernest Morrell, 2015-10-23 Doing Youth Participatory Action Research offers an unprecedented in depth exploration of the pragmatics and possibilities of youth driven research Drawing upon multiple years of experience engaging youth in rigorous critical inquiry about the conditions impacting their lives the authors examine how YPAR encourages the educational community to re imagine the capabilities of young people and the purposes of teaching learning and research itself Much more than a how to guide for those interested in creating their own YPAR projects this book draws upon the voices of students and educators as well as the multiple historical traditions of critical research to describe how youth inquiry transforms each step of the traditional research process From identifying research questions to collecting data and disseminating findings each chapter details how YPAR revolutionizes traditional conceptions of who produces knowledge how it is produced and for what purposes The book weaves together research policy and practice to offer YPAR as a practice with the power to challenge entrenched social and educational inequalities empower critically aware youth and revolutionize pedagogy in classrooms and communities For researchers educators community members and youth who want to connect question and transform the world collectively Doing Youth Participatory Action Research is a rich source of both pragmatic methodological guidance and inspiration
