Provocation as Leadership Maxime Fern, Michael Johnstone, 2022-12-12 To create deep change you have to disturb people or at least risk doing so Shaking people out of their comfort zones not only generates the possibility of change but also elicits new information and brings out hidden resources that people need to navigate unfamiliar waters Nevertheless provoking without antagonizing or shutting people down and tolerating their pushback are complex challenges requiring skill and will This is the first comprehensive provocation roadmap why provocation is necessary for effectively leading change the different forms of provocation action tools and frameworks and case studies illustrating how change is achieved through the sustained and careful use of provocation and disturbance with strategies and tactics for minimizing the risks involved We illustrate for example how two Australian farmers challenged centuries old farming practice to regenerate their properties and how a large American bank used the death of a revered CEO to reinvigorate the business We show how a young indigenous school principal tackled entrenched attitudes to turn a failing school around and how a national statistical service acted like a technology start up to innovate during the Covid 19 pandemic The case studies address change at the local level within organizations as well as on a national scale We finish with a synthesis of the lessons learned and a set of ideas about building people s capacity to use provocation to live learn and thrive *Provocation as Leadership* offers a blueprint for people who using provocation want to ignite change and help their organizations group or community break through to a better future This book provides a vehicle to see provocation in its potential for necessary disturbance to lay bare its anatomy and give access to its possibilities including how to enable provocateurs to live another day *Positive Provocation* Robert Biswas-Diener, 2023-06-20 Hone your skills and strengthen your practice with this series of twenty five fresh and provocative questions for reflection that challenge the conventional wisdom in the coaching profession Like any established profession coaching is full of unexamined assumptions These need to be regularly questioned and tested to keep the profession vital and valuable Coaches need to engage in the same kind of scrutiny and self examination that offers such powerful benefits to their clients In *Positive Provocation* coaching thought leader Robert Biswas Diener asks a series of twenty five provocative and sometimes playful questions that take a fresh look at some of coaching s most cherished beliefs What if coaches had agendas Why are ethics so boring What s so great about interrupting Can we trust eureka moments What if we used less empathy This is not an attack on the coaching profession Biswas Diener writes with a light conversational and often humorous touch These are positive provocations meant to stimulate your curiosity engage you with the latest research and invite you to see your practice with new eyes Biswas Diener covers philosophies of coaching communicating with clients common coaching concepts coaching interventions and a big final provocation should coaching be informed by science This book will give you a richer understanding of the coaching process make you more articulate about your own beliefs and allow you to feel more engaged with the craft *A Compendium of English Literature* Charles Dexter Cleveland, 1865 **Scripture lessons for**

The British cyclopædia of biography Charles Frederick Partington, 1838 *The Provocative Church* Graham Tomlin, 2014-03-20 Sometimes Christians assume that people out there are eager to listen to what the Church has to offer But why should those we try to evangelize want to hear the gospel Surely people will only be intrigued by Christian life and community when they see something provocative or attractive Then they will want to know what's going on The Provocative Church offers a liberating understanding of evangelism as a corporate activity in which all the gifts needed to enact the life of the kingdom to stir people into asking What does this mean are spread throughout the whole Church It encourages the development of a theology of conversion that sees beyond becoming a Christian to bring each individual life increasingly under the rule of God The Provocative Church is about an evangelism that begins with the kingdom not the Church Graham Tomlin helps us see that the New Testament while not saying much about evangelism itself does have an awful lot to say about new life in Christ The work of the Church is to demonstrate what this new life looks like This in turn will provoke a response and it is in the dialogue that follows that real evangelism takes place This volume is one of the best most honest most theologically grounded and therefore most practically helpful books on evangelism to have come out in recent years Stephen Cottrell Bishop of Chelmsford A refreshingly honest book from a theologian who clearly knows that most of society doesn't think the way the church does and wants to do something about it Church of England Newspaper
