**Union, 1945/1995** Emiel Lamberts,1997 The authors investigate the influence of Christian Democratic parties on political institutions parliamentary democracy and European integration and socio economic structures the collective bargaining economy and the welfare state      Second-Class Citizenship Eric Mutabazi,Nathanaël Wallenhorst,2025-05-02 A number of features of the contemporary period are preventing people from exercising their citizenship the acceleration and permanent change in the conditions shaping habitability of planet Earth the digital and techno scientific revolution the rise of religious and political radicalisation the explosion of social inequalities the hegemony of the economic drive to maximise individual interests etc For many individuals citizenship appears to be prevented at the first hurdle What is more though officially or legally it is not possible to speak of second class citizenship so what can be done when the actors themselves use such terminology There is something essential here which must be taken into account as a basis for thinking about the social its inequalities and its injustices The authors of this book propose the notion of second class citizenship as a way of thinking about the scale of contemporary social and political inequalities In view of this observation the contributors outline a movement based on the conviction that education is the repository of the power to prepare for the future How can we learn to build a shared world together and overcome the obstacles that prevent us from doing so How can we learn new habits of relationships marked by responsibility and hospitality The collective reflection in this book lends credence to the way in

which players talk about their experience even experiencing differences in their ability to participate in the mechanisms of power This book presents empirical studies and conceptual tools for thinking about the impact of economic factors on the ways in which citizens participate in the decisions of power This book is particularly suited for educators as well as policy makers and researchers     *Actes Et Documents* ,1955     **Essai d'histoire locale by Djiguiba Camara** Elara Bertho,Marie Rodet,2020-05-11 Dans Essai d histoire locale Djiguiba Camara un intermédiaire colonial et un interprète critique l histoire de la Haute Guinée de l empire de Samori Tour et des résistances anticoloniales In Essay on Local History Djiguiba Camara a colonial intermediary and interpreter describes the history of Upper Guinea with emphasis on the Empire of Samori Tour and of anticolonial local resistance     **Essai de Bibliographie** ,     Subject Index of the Modern Works Added to the Library of the British Museum in the Years 1881-1900 British Museum.
