I CAN PROVE IT By Carlton Harry Clunn What if Carlton Harry Clunn said he KNOWS God is real not he believes God is real
Many of you might be inclined to say Prove it That is precisely the purpose of this book Clunn intends to submit enough
evidence that you will not be able to equivocate or deny that God exists All the things that you are about to read are true
Clunn has not exaggerated or embellished any of what you are about to encounter with the exception of the pretense of his
being an attorney and presenting the case to you the jury It will seem at times that what has happened in Clunn s life is not
of this world The fact is many of the things you will read are not However they are true nonetheless In an attempt to show
that he is no one special Clunn has also related some of his other life experiences Some of them are good some humorous and
some downright bad all hopefully entertaining or informative Miracles are only done in order to reveal God and His character
to us They don t happen to everyone but sometimes what happens in one person s life touches those around them May that
be the case with you This book is not about religion It is about encounters with God and the adventures that come with
having a real relationship with Him
