Rediscovering Rhetoric Justin T. Gleeson, Ruth C. A. Higgins, 2008 Rhetoric is ubiquitous in modern discourse from arguments delivered in the High Court to advertisements disseminated in the high street For the legal and political advocate persuasion is also a professional technique that must be perfected properly to practise each art In contrast with the classical era and the middle ages in which grammar rhetoric and dialectic were basic features of all education modern curricula almost entirely neglect any theoretical study of the methods of rhetoric Rediscovering Rhetoric re introduces to modern practitioners and students a grasp of the speeches writings and methodologies of the great classical scholars of rhetoric Part 1 Law and Language in the Greco Roman Tradition provides a contextualised introduction to significant theorists of rhetoric in the classical period and consists of four chapters written by practising barristers and a current Justice of the Federal Court of Australia Part 2 The Practice of Persuasion comprises essays by practitioners distinguished in their pursuit of legal persuasion one former and two current Justices of the High Court of Australia illuminating their experiences of argument from the perspective of both bench and bar Part 3 The Politics of Persuasion performs a similar function to Part 2 in the related domain of politics It includes a chapter by Graham Freudenberg former speechwriter for Gough Whitlam and others Together the three parts provide a unique inter disciplinary perspective on the theory and practice of legal and political persuasion Published in association with the NSW Bar Association

**Rediscovering John** Lesław Daniel Chrupcała, 2014-05-29T00:00:00+02:00 The idea of dedicating a Festschrift to honor Professor Fr d ric Manns on the happy occasion of his 70th birthday came to mind in the autumn of 2011 and work on this project had been continuing ever since Felicitously achieving this goal the Faculty of Biblical Sciences and

Archaeology Studium Biblicum Franciscanum and the Franciscan Custody of the Holy Land present this volume to Father Manns with gratitude for his profound scholarship and a lifetime service in the Holy Land Perusing through Father Manns writings it is easy to see a prominent and distinctive place devoted to the Gospel of John It seemed therefore suitable to focus on this subject in the Festschrift honoring him the title Rediscovering John relates to Manns significant contribution towards the better understanding of the Fourth Gospel The volume comprises 21 studies authored by renowned scholars from various parts of the world from different institutions and denominations While the first half of the studies examines general issues history of interpretation textual transmission intertextuality theological themes archaeology the second half treats literary narrative and exegetical approaches to particular texts of the Fourth Gospel We augur that this rich collection will help to stimulate further discussion and reflection on the Gospel of John as well as constitute an incentive to an already distinguished scholar to continue writing challenging and thought provoking essays and books from the Foreword by the Editor **Quest**,1956 *The Reconciling Community* James Dallen,1991 To disclose the underlying mystery of the Church in relation to Christ and sinners James Dallen traces the complex development of ecclesial repentance from the Church s first centuries to the present time He shows that the Church has always worked with sinful members assisting them to live out the implications of their baptismal conversion and recognizing them as members of its assemblies It is in this history the tradition that survives from those who have gone before marked by the sign of faith that the Church must find the way to exercise the ministry of reconciliation today and in the future **Medieval Formal Logic** Mikko Yrjönsuuri,2013-03-09 Central topics in medieval logic are here treated in a way that is congenial to the modern reader without compromising historical reliability The achievements of medieval logic are made available to a wider philosophical public than the medievalists themselves The three genres of logica moderna arising in a later Middle Ages are covered obligations insolubles and consequences the first time these have been treated in such a unified way The articles on obligations look at the role of logical consistence in medieval disputation techniques Those on insolubles concentrate on medieval solutions to the Liar Paradox There is also a systematic account of how medieval authors described the logical content of an inference and how they thought that the validity of an inference could be guaranteed Madras Rediscovered S. Muthiah,2004 The New Republic Herbert David Croly,1978 *Medieval Philosophy and the Transcendentals* Jan Aertsen,2021-12-06 Students of Thomas Aquinas have so far lacked a comprehensive study of his doctrine of the transcendentals This volume fills this lacuna showing the fundamental character of the notions of being one true and good for his thought The book inquires into the beginnings of the doctrine in the thirteenth century and explains the relation of the transcendental way of thought to Aquinas s conception of metaphysics It analyzes Being One True Good and Beautiful individually and discusses their importance for the philosophical knowledge of God *Medieval Philosophy and the Transcendentals* The Case of Thomas Aquinas is intended as a contribution to the question What is philosophy in the Middle Ages It argues that the doctrine of the transcendentals is essential for understanding

Porter,2023-10-17 Leading New Testament scholar Stanley Porter offers a comprehensive commentary on the Pastoral Epistles that features rigorous biblical scholarship and emphasizes Greek language and linguistics This book breaks new ground in its interpretation of these controversial letters by focusing on the Greek text and utilizing a linguistically informed exegetical method that draws on various elements in contemporary language study Porter pays attention to the overall argument of the Pastoral Epistles while also analyzing word meanings and grammatical structures to tease out the textual meaning Porter addresses major exegetical issues that arise in numerous highly disputed passages and while attentive to the history of scholarship on First Timothy Second Timothy and Titus often takes untraditional or innovative positions to blaze a new path forward rather than adopt settled answers This commentary will appeal to professors students and scholars of the New Testament     *Art and Architecture in Italy, 1600-1750* Rudolf Wittkower,Joseph Connors,Jennifer Montagu,1999-01-01 This classic survey of Italian Baroque art and architecture focuses on the arts in every center between Venice and Sicily in the early high and late Baroque periods The heart of the study however lies in the architecture and sculpture of the exhilarating years of Roman High Baroque when Bernini Borromini and Cortona were all at work under a series of enlightened popes Wittkower s text is now accompanied by a critical introduction and substantial new bibliography This edition now published in three volumes will also include color illustrations for the first time     The Movie Guide James Monaco,1992 From The Big Sleep to Babette s Feast from Lawrence of Arabia to Drugstore Cowboy The Movie Guide offers the inside word on 3 500 of the best motion pictures ever made James Monaco is the president and founder of BASELINE the world s leading supplier of information to the film and television industries Among his previous books are The Encyclopedia of Film American Film Now and How to Read a Film     Humanities ,1982     **The Morality of Everyday Life** Thomas Fleming,2004 Fleming offers an alternative to enlightened liberalism where moral and political problems are looked at from

an objective point of view and a decision made from a distant perspective that is both rational and universally applied to all comparable cases. He instead places importance on the particular, the local, and moral complexity, advocating a return to premodern traditions for a solution to ethical predicaments. In his view, liberalism and postmodernism ignore the fact that human beings, by their very nature, refuse to live in a world of abstractions where the attachments of friends, neighbors, family, and country make no difference. Fleming believes that a modern type of casuistry should be applied to moral conflicts using examples from history, literature, and religion to explain this moral ecology that refuses to divorce organisms from their interactions with each other and with their environment.
