**A Professional Guide to Room Division Operations** Manoj Kumar Yadav, 2025-06-01 A Professional Guide to Room Division Operations is a training manual for the students and industry professionals in the room divisions of hospitality organizations. The book is divided into two parts. Part I is on Front Office Operations which discusses topics like FO organization, revenue, resources, guest segmentation, reservation, tariff, reception, bell centre, support centres, call operations, billing, handling special situations, guest cycles, and so on. The second part on housekeeping operations discusses topics on linen and uniform, room operations, organization of housekeeping, cleaning and polishing, public area cleaning, area inspection in room services, interior decoration, laundry services, pest control, and waste disposal, safety and security, room selling techniques, night auditing, and so on. With its wide coverage and approach to the subject, the book will serve as a complete standalone resource for students, front office, hospitality, and housekeeping professionals. **The United States**

With a literature review, in-depth interviews, and focus groups, the study gains the professional competencies required by the hotel industry and organized them into three levels: the first level is the goal level, the second is the objective, and the third is the attribute level. The objective level includes five items: professional knowledge, professional skills, communication competency, management competency, and working attitude. There are twenty-one items in the attribute level. To calculate the weight of each level, the study employs the Analysis Hierarchical Process (AHP). Among the five items under the objective level, working attitude receives the highest rank of professional competency and professional knowledge, the lowest. As of the attribute level, management time is scored the highest, and the competency of statement analysis is the lowest. **Federal Register Index**, 1992 *Federal Register*, 2005 **Catalog of Copyright Entries** Library of Congress.
