A. Stitt,1994 Recent studies show that either consciously or unconsciously teachers are not practicing gender equity in the  
classroom Boys are called on more in class than girls and are encouraged to pursue careers from which girls are excluded  
because they are thought to be less capable Serious questions arise for educators and counselors in this time of increasing  
awareness of the implications of gender bias such as what comprises a gender fair education and how can gender equity  
become part of the classroom curriculum Guidance counselors and teachers share an important responsibility in seeking  
answers to these questions in order to avoid limiting students potential because of gender To achieve this end Beverly A Stitt  
has compiled an annotated bibliography of hundreds of books articles videos classroom activities and curriculum and  
workshop guides to help provide the tools needed for educators to become more gender conscious and to develop a gender  
fair educational system The bibliography is divided into twenty three categories under the headings of Agriculture and
