Iranophobia Haggai Ram, 2009-04-16 Israel and Iran invariably are portrayed as sworn enemies engaged in an unending conflict with potentially apocalyptic implications Iranophobia offers an innovative and provocative new reading of this conflict Concerned foremost with how Israelis perceive Iran the author steps back from all too common geopolitical analyses to show that this conflict is as much a product of shared cultural trajectories and entangled histories as it is one of strategic concerns and political differences Haggai Ram an Israeli scholar explores prevalent Israeli assumptions about Iran to look at how these assumptions have in turn reflected and shaped Jewish Israeli identity Drawing on diverse political cultural and academic sources he concludes that anti Iran phobias in the Israeli public sphere are largely projections of perceived domestic threats to the prevailing Israeli ethnocratic order At the same time he examines these phobias in relation to the Jewish state s use of violence in the Palestinian territories and Lebanon in the post 9 11 world In the end Ram demonstrates that the conflict between Israel and Iran may not be as essential and polarized as common knowledge assumes Israeli anti Iran phobias are derived equally from domestic anxieties about the Jewish state s ethnic and religious identities and from exaggerated and displaced strategic concerns in the era of the war on terrorism

Four Mystery Dramas Rudolf Steiner, 1973-05 Rudolf Steiner s four mystery dramas are powerful portrayals of the complex laws of reincarnation and karma They transport us into a landscape of the human soul and spirit where suprasensory beings are active Through the perception of these hidden worlds we are given the opportunity to understand the struggles we face in attempting to apply spiritual knowledge to our everyday lives and relationships Written between 1910 and 1913 during periods of intense inner and outer work these dramas are powerful testimonies to Steiner s artistic creativity By manifesting soul and spirit forms on a stage they foreshadow a dramatic art for the future The complete cycle of four plays is reproduced here in the classic translation by Ruth and Hans Pusch The Four Plays The Portal of Initiation A Rosicrucian Mystery through Rudolf Steiner The Soul s Probation A Life Tableau in Dramatic Scenes As Sequel to the Portal of Initiation through Rudolf Steiner The Guardian of the Threshold Soul Events in Dramatic Scenes by Rudolf Steiner The Souls Awakening Soul and Spirit Events in

Won in Translation Roger Chartier, 2022-05-24 In *Won in Translation* Roger Chartier one of the world's leading historians of books publishing and reading considers the mobility of the early modern text and the plurality of circulating versions of the same work The agent for both is translation for through their lexical aesthetic and cultural decisions translators always assign new meaning or new status to what they translate *Won in Translation* proceeds by way of four case studies three dedicated to works originally in Spanish the fourth to a Portuguese dramatic adaptation of Don Quixote Bartolom de Las Casas Brevísima relación de la destrucción de las Indias first printed in 1552 was a powerful instrument for the construction of what was later called the black legend of Spanish monarchy Baltasar Gracián's *Oráculo Manual* published in 1647 became the most famous courtier's manual in Europe Both traveled more widely and were translated more often than any other books of their era For Chartier they illustrate the great power of translation which allowed Las Casas' account to be placed in multiple and successive contexts and enabled Gracián's book to take on a range of meanings it had not originally had Chartier's next two chapters are devoted to plays one by Lope de Vega the other by António José da Silva In the case of Lope's *Fuente Ovejuna* the translation was one from historical chronicle to dramatic performance In António José da Silva's *Vida do Grande D. Quixote* the textual migration is twofold as Cervantes' hero moves from Spanish to Portuguese and from novel to play In an Epilogue Chartier moves three centuries forward to consider the paradox that it is the absolute immobility of the text reinvented word for word that creates its mobility in Jorge Luis Borges' fiction Pierre Menard Author of the *Quixote* Works are transformed through changes of genre or language to be sure but even when the texts remain fixed their readers give them different or inverted meaning
