Negotiating Armenian Azerbaijani Peace Post Soviet Politics:

Negotiating Armenian-Azerbaijani Peace Ohannes Geukjian, 2016-04-22 Conflict resolution conflict management and conflict transformations are major themes in this unique book which examines explores and analyses the mediation attempts of the Organization for Security and Cooperation in Europe in the Nagorno Karabakh conflict Ohannes Geukjian shows the most striking characteristic of a protracted internal conflict such as this is its asymmetry and explains that without meeting basic human needs like identity recognition security and participation resolving any protracted social conflict is very difficult The Armenian Azerbaijani case demonstrates how official diplomacy may not be able to solve protracted internal conflicts as without addressing the real causes of the problematic relationship attempts at peace making will always be sporadic and the space for mutual understanding and compromise shrink Geukjian shows that conflict transformation has a particular salience in asymmetric conflicts such as this where the goal is to transform unjust relationships and where a high degree of polarisation between the disputants has taken root Using the Nagorno Karabakh case this book focuses on the anatomy and causes of deadlock in negotiations and highlights the many difficulties in achieving a breakthrough Autocratic and Democratic External Influences in Post-Soviet Eurasia Anastassia Obydenkova, Alexander Libman, 2016-03-09 As the Ukrainian Crisis shows both political regimes and national borders in Eurasia are still in a state of flux Bringing together literatures on the external influences of democratization the post Soviet space and support for autocracy Autocratic and Democratic External influences in Post Soviet Eurasia provides a comprehensive overview of the interaction of domestic and international politics during times of regime transition Demonstrating the interplay of these forces the book explores the rich variation in motives and channels of autocratic and democratic influences International scholars consider two channels of external influence on regime transition the role of supranational organizations established by non democracies and the role of non governmental organizations and through a set of carefully chosen case studies offer a new theoretical discussion on the phenomenon of multi level regime transition Religion, Politics and Nation-Building in Post-Communist Countries Greg Simons, David Westerlund, 2016-03-03 The increasing significance and visibility of relationships between religion and public arenas and institutions following the fall of communism in Europe provide the core focus of this fascinating book Leading international scholars consider the religious and political role of Christian Orthodoxy in the Russian Federation Romania Georgia and Ukraine alongside the revival of old indigenous religions often referred to as shamanistic and look at how despite Islam s long history and many adherents in the south Islamophobic attitudes have increasingly been added to traditional anti Semitic anti Western or anti liberal elements of Russian nationalism Contrasts between the church s position in the post communist nation building process of secular Estonia with its role in predominantly Catholic Poland are also explored Religion Politics and Nation Building in Post Communist Countries gives a broad overview of the political importance of religion in the Post Soviet space but its interest and relevance extends far beyond the geographical focus

providing examples of the challenges in the spheres of public religious and social policy for all transitional countries

Systemic and Non-Systemic Opposition in the Russian

Federation Cameron Ross,2016-03-03 Over the period December 2011 July 2013 a tidal wave of mass protests swept through the Russian Capital and engulfed scores of cities and regions Civil society it appeared had at last woken up This fascinating book examines the rise and fall of the non systemic opposition and the role of the systemic political opposition during this turbulent period Leading experts in the field from Russia along with scholars from the UK and the US reflect on the conditions that have made large scale protests possible the types of people who have taken part and the goals of the opposition movement at both the national and regional levels Contributors discuss what steps the regime has taken in response to this challenge and examine the relationship between the systemic and non systemic opposition and what potential exists for the creation of a broad based opposition coalition The role of the expanding Russian middle class is discussed along with contemporary developments among the Russian left against the backdrop of the global economic crisis The political social and ethnic dimensions of the protest movement are also examined at both the national and regional levels in this truly comprehensive study of the rebirth of civil society in modern Russia

Nation-Building and Identity in the Post-Soviet Space Rico Isaacs,Abel Polese,2016-04-14

Nation building as a process is never complete and issues related to identity nation state and regime building are recurrent in the post Soviet region This comparative inter disciplinary volume explores how nation building tools emerged and evolved over the last twenty years Featuring in depth case studies from countries throughout the post Soviet space it compares various aspects of nation building and identity formation projects Approaching the issue from a variety of disciplines and geographical areas contributors illustrate chapter by chapter how different state and non state actors utilise traditional instruments of nation construction in new ways while also developing non traditional tools and strategies to provide a contemporary account of how nation formation efforts evolve and diverge

Secession in International Law with a Special Reference to the Post-Soviet Space Júlia Miklasová,2024-08-19 The open access publication of this book has been published with the support of the Swiss National Science Foundation International law is increasing in relevance to the topic of secession This book demonstrates that if a secessionist entity s effectiveness is achieved in violation of peremptory norms the emergence of statehood is precluded thereby challenging a classical view of secession as purely factual and meta legal Dr J lia Miklasov coins the term illegal secessionist entity demonstrates the

pervasive effects of the original illegality on the subsequent relations of such entities purported diplomatic treaty economic relations acts and laws and outlines the overlapping regimes of the law of occupation human rights law and duty of non recognition Post Soviet secessionist entities result from an illegal use of force They are thus prohibited from becoming States and further consequences of their illegality apply **The Karabakh Conflict Between Armenia and Azerbaijan** M. Hakan Yavuz, Michael M. Gunter, 2022-11-29 This book focuses on Post Soviet ethnic conflicts and Russia's involvement in them In light of its significant importance for general ethnic conflict specifically the post Soviet Caucasus along with the most recent war just fought over the area from September November 2020 this book appropriately argues that it is time to reconsider Karabakh This project deals with the historical social and political aspects of the Karabakh issue regarding its origins development and the current status of the conflict subsequent to the war in the autumn of 2020 Thus the main themes will stress these points as well as the importance of the Karabakh issue for the future by considering its precedents and implications for other secessionist wars This book also explores how such wars begin and end the international legal precedents of self determination versus territorial integrity its implications for post Soviet developments and conflicts and the latest successful weapons developments lessons from the recent war involving drones among others such as Azerbaijan's rich oil reserves **Euro-Atlantic Discourse in Georgia** Frederik Coene, 2016-04-14 How have discourses of Euro Atlanticism been used in domestic and international affairs by the political elite in Georgia After the 2003 Rose Revolution as relations with Russia soured a Euro Atlantic orientation portrayed as a single and coherent strategy became the cornerstone of Georgian foreign policy as well as a model for domestic reforms This promise of a prosperous future offered new hope to the Georgian population Scepticism or critical thinking towards President Saakashvili and his government were equated to pro Russian treason and pro western orientation and impressive reforms promoted as being modelled along European standards emerged simultaneously with an outspoken rhetoric and active symbolism References to Europe and the Euro Atlantic structures became ubiquitous as European flags were brandished throughout the country Addressing a gap in the existing literature the author examines a large volume of data extracted from news items from 20 different Georgian and International media channels over a ten year period Through this he identifies patterns in the discourse to explain the intentions of the Georgian elite and examines the effectiveness of the rhetoric **Journal of Soviet and Post-Soviet Politics and Society** Julie Fedor, Samuel Greene, Andre Härtel, Andrey Makarychev, Andreas Umland, 2016-10-11 This special issue deals with the phenomenon of violence in the post Soviet space It examines both political and legal discourses and practices of internal and external violence broadly conceived simultaneously aspiring to situate them in the broader literature on political violence and ethnic and separatist conflict and to examine these from political legal and security studies perspectives The issue approaches the problem of violence in the post Soviet space from three perspectives international structural inter state and domestic political The contributors focus on structural sources of violence such as the

relevance of the self determination principle the role of democratization and the relationship between violent behavior inside and outside the state They also analyze the role of the Russian Federation in generating perpetuating and mitigating political violence Finally they adopt a bottom up approach exploring how non state actors contribute to political violence **Small States, Russia and the West** Eduard Abrahamyan,2025-05-15 This book offers an in depth investigation of the contemporary geopolitics of the Caucasus through a multi level analysis of regional political transformations It delves into the contrasting foreign policies of small states in the Caucasus in response to the Russian interventions in Georgia in 2008 and Ukraine in 2014 and 2022 which marked Russia s return as an order forming power challenging the agenda of Euro Atlantic integration The author expands and adapts Constellation Theory to examine emerging non Western regional orders using a relational polarity framework to argue that the choices of Armenia Azerbaijan and Georgia are not merely products of Russian or Western influence but are shaped by each state s unique geocultural propensities distinct asymmetric relationships with divergent power poles and differing perceptions of reality This book enriches the emerging discourse on the regional complexities of the multipolar world order with multifaceted interpretations of politics and decision making through its nuanced regional focus and innovative theoretical grounding It contributes significantly to International Relations theory geopolitics small states and area studies offering invaluable insights into small state foreign policy dynamics in the age of rising global multipolarity **Fiction, Memory, and Ethnic Politics in the South Caucasus** Mikail

Mamedov,Peter Orte,Nona Shahnazarian,Ulvi Ismayil,2025-09-30 The book explores the aftermath of the disintegration of the Soviet Union and the effects of war and nationalism in the South Caucasus While the Soviet Union s dissolution seemed to promise democracy and liberalization the rise of nationalist movements in Armenia and Azerbaijan led to those countries becoming undemocratic monoethnic states which ethnically cleansed their largest minorities During the violence of the first stage of the Karabakh War 1992 1994 Armenians were expelled from Azerbaijan and Azerbaijanis were expelled from Armenia The persistence of this violent conflict through the second 2020 and third 2023 stages has led to competing incompatible national narratives and an entrenched imagination of the other as the enemy Explaining these events historical context by tracing them back to specific Soviet and Tsarist policies the contributors of this volume examine the impact of the Karabakh conflict on ordinary people s lives in Armenia and Azerbaijan by analyzing fiction film and other forms of public memory Ultimately they show how eternal enmity is a myth and point to potential solutions to the conflict This study will be useful to students and scholars of Soviet and Post Soviet History Nationalism Empire and Conflict Studies *The Caucasus and Caspian Region* United States. ,1994-08 **Regional Leadership in Post-Soviet Eurasia** Irina Busygina,Svetlana Krivokhizh,2023-05-22 This book
explores power in international relations in a world characterized by the growing competition of major powers for smaller
nations Focusing on the major powers and smaller countries of Eurasia it argues that power in international relations is
different from coercion and is rather a social contract between a leader state and follower states where reciprocity is key and
where leadership relationships cannot be adequately explained by focusing solely on the leader It challenges the perception
that genuine regional leadership is quite common contending instead that it is rare that much more often major powers make
claims for leadership and that regional leadership does not indicate the status of a particular state but rather the social role
of the leader which is recognized by its followers a role which is always relative and based on communication and constant
interaction with followers The book highlights the important role followers play in recognizing regional power the importance
for a state s regional leadership strategy in creating and holding a valuable position attractive for followers and delivering
greater value to followers compared to other potential leaders *Political Culture and Civil Society in Russia and the New
